DESCRIPTION

This proposal repeals some provisions regarding the seizure of controlled substances. The proposal repeals provisions that:

(1) Require law enforcement agencies to notify the United States Commissioner of Narcotics when seized drugs have been destroyed;

(2) Allow law enforcement to deliver seized drugs to public hospitals that apply for them; and

(3) Allow the Department of Health and Senior Services to place under seal all of the controlled substances possessed by a registered drug manufacturer or distributor, when the department suspends or revokes the company's registration.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
