

COMMITTEE ON LEGISLATIVE RESEARCH  
OVERSIGHT DIVISION

**FISCAL NOTE**

**L.R. No.:** 1588-01

**Type:** Original

**Bill No.:** HB 707

**Date:** February 27, 2015

**Subject:** Children and Minors; Licenses - Miscellaneous; Health Department

---

**Bill Summary:** This proposal requires all licensed child care facilities to implement a safe sleep policy in accordance with the safe sleep recommendations of the American Academy of Pediatrics.

State Fiscal Highlights

- No direct fiscal impact on the state is anticipated.

Local Fiscal Highlights

- No direct fiscal impact on local political subdivisions is anticipated.

Fiscal Analysis

Officials from the **Department of Health and Senior Services** and the **Joint Committee on Administrative Rules** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Fiscal Analysis (continued)

This proposal would not have a significant impact on small business child care facilities but may have an administrative impact as require each facility would be required to implement a safe sleep policy. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
