Fiscal Analysis

Officials at the **Department of Elementary and Secondary Education** assume that depending on the actions of the task force, this could result in costs to the department; however, the department would not expect costs to be significant.

Officials at the **Missouri House of Representatives** and the **Missouri Senate** each assume there is no fiscal impact from this proposal to their respective organizations.

Oversight notes this proposal creates a Committee on Schools for the Severely Disable that is to make recommendations to the Joint Committee on Education and to the Missouri Congressional delegation. The formation and work of the committee should not result in any fiscal impact.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
