**FISCAL ANALYSIS**

**ASSUMPTION**

**Oversight** was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the **Office of State Courts Administrator** and **Office of Prosecution Services** each assume the proposal will have no fiscal impact on their respective organizations.

**Oversight** notes this proposal adds the provision of knowingly possessing a fraudulently obtained debit or credit card or device to the offense of fraudulent procurement of a credit or debit device. This proposal also clarifies that no business entity will be criminally liable for accepting applications for credit or debit devices or for the use of a credit or debit device in any transaction unless there is convincing evidence that such business entity conspired with or was a part of the fraudulent procuring of the issuance of a credit or debit device.
