FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight notes this proposal would allow cities, towns, or villages with less than 2,000 inhabitants to skip local elections if the number of open seats equals the number of candidates running for those seats. We are unable to determine the number of cities, towns, or villages that would not participate in those elections, therefore, Oversight will show the fiscal impact to the Local Election Authorities (LEA) as a savings of \$0 or Unknown.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill expands the existing exception for small cities, towns, and villages under Section 115.124, RSMo, which allows candidates for election to assume office without holding an election if a particular election is uncontested and the number of candidates available equal the number of open positions, from cities, towns, or villages with 1,000 or less persons to those with 2,000 or less persons.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
