FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials at the **Office of the State Courts Administrator** assume no fiscal impact from this proposal.

Oversight assumes this proposal requires tax increment financing commissions to give priority to low-income areas. Oversight assumes that local TIFs could be affected with stricter guidelines for participation. However, Oversight assumes the commission would only consider TIFs that would have an economic benefit within the local political subdivision. Oversight assumes this would have no direct fiscal impact.
