FISCAL ANALYSIS

ASSUMPTION

Officials from the **University of Missouri Health Care** state they have reviewed the proposed legislation and determined that, as written, it will create additional expenses in excess of \$100,000 annually.

Oversight notes the provisions at section 197.315.10 provides that the Certificate-of-Need (CON) “application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project...”. In addition, based on available information, it appears the provisions of this proposal would only apply to the University of Missouri Health Care and the Women’s and Children’s Hospital. For fiscal note purposes only, Oversight is presenting the University of Missouri Health Care and Women’s and Children’s Hospital costs under “University Funds”. This is not intended to indicate that the Health Care System’s costs are actual costs to the University.

Oversight assumes the University Health Care System would not plan to expand existing facilities or purchase additional equipment on an annual basis in an amount exceeding \$100,000,000 to incur costs greater than \$100,000 annually in Certificate of Need fees (\$100,000,000 project costs X 0.001 = \$100,000). Therefore, Oversight will present the University Health Care System’s proposed costs as \$0 to could exceed \$100,000 annually.

Officials from the **Department of Health and Senior Services**, the **Department of Mental Health** and the **Department of Social Services, MO HealthNet Division** and **Division of Legal Services** each assume the proposal would not fiscally impact their respective agencies.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, facilities operated by the state are not required to obtain a certificate of need, appropriation of funds to such facilities by the General Assembly are deemed in compliance with certificate of need provisions, and such facilities are deemed to have received an appropriate certificate of need without payment of any fee or charge. This bill requires hospitals operated by the state and licensed under Chapter 197 to obtain a certificate of need and comply with the other provisions of certificate of need except for Department of Mental Health state-operated psychiatric hospitals.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
