FISCAL ANALYSIS

ASSUMPTION

§595.120 - Posters regarding the national human trafficking resource center hotline:

In response to a previous version of this proposal, officials from the **Department of Public Safety (DPS) - Office of the Director** stated they see costs required to design the poster, determine what languages are required, provide the poster in multiple languages, and make it available for print on our public website. However, we cannot ascertain the costs for this effort at this time and provide them as Unknown - under \$100,000.

Oversight assumes these costs would be incurred in the first fiscal year, and assume DPS could absorb any additional costs in later fiscal years.

§595.209 - Victims of domestic assault offenses to receive automatic notification:

Officials from the **Office of the State Public Defender**, the **Office of Prosecution Services**, the **Department of Corrections**, the **Department of Social Services**, and the **Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from this year (HB 2133), officials from the **Department of Public Safety - Missouri Highway Patrol** assumed the proposal would not create a fiscal impact on their agency.

In response to a similar proposal from this year (HB 2133), officials from the **Department of Public Safety - Office of the Director** stated they see minimal impact, mainly wording changes on brochures, presentations, etc.

FISCAL DESCRIPTION

This bill requires various establishments, specified in the bill, to display a poster in a conspicuous place near the entrance of the establishment, starting March 1, 2017, that provides information regarding human trafficking, including what it is and resources victims have for getting help. Any establishment required to display the poster that fails to display the poster will be subject to the penalty provisions of this bill.

The Department of Public Safety will create the poster before January 1, 2017, and the poster will be made available for print on the department's website.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
