REORGANIZATION PLAN GENERAL BACKGROUND

This plan would rename the current Missouri Department of Health to the Missouri Department of Health and Senior Services and incorporate the Division of Aging currently located within the Department of Social Services into the renamed department.

The Missouri Department of Health is responsible for protecting and promoting the health of the population of Missouri. This is carried out through the assessment of the population's health, identification of health threats and needs, development of policies and priorities, and the assurance of appropriate responses. We implement these core public health functions through collaborative relationships with public and private entities, communities and citizens.

The Division of Aging currently located in the Missouri Department of Social Services is charged with promoting, maintaining, improving, and protecting the quality of life and quality of care for Missouri's older adults and persons with disabilities so they may live as independently as possible with dignity and respect.
