FISCAL IMPACT - Small Business

This proposal would have direct fiscal impact on small businesses operating as contractors or subcontractors, or small businesses utilizing contractors.

DESCRIPTION

This proposal allows owners in private building contracts to retain a portion of payment due to a contractor in order to ensure the proper performance of the contract. The proposal limits retainage to 10% of the contract. Contractors may not withhold extra retainage from a subcontractor, unless the subcontractor's performance is not in accordance with the terms of the subcontract. Contractors must pass along to any subcontractors the retainage they are paid on a pro rata basis. Subcontractors may be released prior to completion of the entire project, and contractors may request an adjustment in retainage necessary to pay these subcontractors in full. Within 30 days of the substantial completion of the project, all retainage or substitute security must be released by the owner to the contractor, less 150% of the costs to complete any remaining items. Upon receipt of this retainage, contractors must release the subcontractor's share of the retainage within seven days. Construction DESCRIPTION (continued)

KLR:LR:OD (12/01)

contracts will be unenforceable to the extent that they are inconsistent with the requirements of the proposal. If retainage is withheld wrongfully, a court may award interest on the amount at 1 1/2% per month plus attorney's fees. Contracts for the construction of single-family residential and residential buildings with four or fewer units are exempt from the proposal.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
