FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services**, the **Missouri Consolidated Health Care Plan**, the **Department of Public Safety - Missouri State Highway Patrol**, the **Department of Transportation**, the **Missouri Department of Conservation**, the **Department of Health and Senior Services** and the **Department of Economic Development - Division of Professional Registration** assume this proposal would not fiscally impact their agencies.

Officials from the **Department of Insurance (INS)** state that it would be necessary for INS to add compliance checks to its market conduct examinations of insurance companies to ensure they are in compliance. INS states this would require some modifications to procedures/tests for exams and some training. INS states impact would be minimal and covered with existing staff.

Officials from the **Department of Mental Health (DMH)** compared the requirements of this proposal with those of HIPAA Administrative Simplification (federal regulation) and examined current approach to compliance with the federal requirements.

DMH states this legislation simply reinforces the work currently being done to protect health care information under HIPAA. DMH should have most policies and procedures in place to comply with the federal requirements; accordingly, DMH good-faith compliance efforts should satisfy the proposal, therefore DMH assumes no significant fiscal impact.

FISCAL IMPACT - Small Business

This proposal could affect small businesses that maintain personal health information.

DESCRIPTION

CM:LR:OD (12/01)

This proposal prohibits the selling of personal health information to a third party and prohibits any disclosure of this information to a third party for the purpose of (1) marketing a product or service; (2) employment decisions; (3) credit worthiness; or to (4) deliberately cause harm. The proposal does not apply in cases where the person cannot be identified from the information, the person provides written authorization, or when disclosure of this information is necessary to comply with any other state or federal law. The proposal exempts consumer reporting agencies and debt collectors and exempts businesses that are providing this information as part of the sale or merger of a business.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
