FISCAL ANALYSIS

ASSUMPTION

Department of Revenue (DOR) officials assume this legislation requires venues to collect withholding tax from nonresident entertainers and athletes who perform in venues located in Missouri. It also allows the collection of additions to tax and interest for non-payment of taxes. There is no administrative impact to the DOR.

Office of the Secretary of State (SOS) officials assume this bill would allocate, subject to appropriation, ten percent of the nonresident income taxes from out of state professional athletes and entertainers to the Secretary of State for distribution to public libraries for the acquisition of library materials. SOS assumes this bill would provide much needed assistance to public libraries in their efforts to improve both the quality and quantity of their book collections. This will result in libraries being able to do a better job of providing accurate and needed information to their communities. The Department of Revenue has stated they would collect increased revenues if given authority to treat entertainment venues as other employers in regards to income tax withholding.

No additional staff will be needed by the Office of the Secretary of State for this program. Cost for administration of the program can be absorbed by the agency. The fund calculation is based on the FY2001 collection reported by the Department of Revenue.

Officials from the **Department of Natural Resources** assume this legislation would have no direct fiscal impact to their agency.

Officials from the **Department of Economic Development** did not respond to our fiscal note request.

This legislation will increase Total State Revenues.
