FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Economic Development – Division of Professional Registration** and the **Department of Public Safety – Missouri State Highway Patrol** assume the proposed legislation would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume prosecutors could absorb the costs of the proposed legislation within existing resources.

Officials from the **Office of State Public Defender** assume existing staff could provide representation for those few cases arising where indigent persons were charged with not reporting knife and explosive weapon wounds, as well as gunshot wounds, as described in this proposed legislation. Passage of more than one bill increasing penalties on existing crimes or creating new crimes would require the State Public Defender System to request increased appropriations to cover the cumulative cost of representing indigent persons accused in the now more serious cases or in the new additional cases.

<u>FISCAL IMPACT - Local Government</u>	FY 2004 (10 Mo.)	FY 2005	FY 2006

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

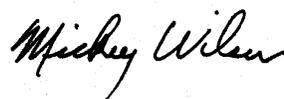

DESCRIPTION

Currently, health care providers must notify law enforcement officials when they treat a gunshot victim. The proposed legislation would add to this notification requirement persons who have been stabbed or who have suffered injuries from an explosive weapon.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
