FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Currently, the Department of Agriculture presents demonstration awards to individual farmers who identify, develop, and demonstrate agricultural strategies which reduce the dependency of food and fiber production on nonrenewable inputs. This bill requires that at least 50% of the demonstration awards allocated through Fiscal Year 2008 be for projects which demonstrate environmentally sound agricultural practices that directly improve water quality or animal waste management.

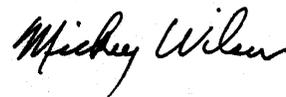

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
