FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Attorney General** state that any potential costs arising from assisting the Department of Revenue with rulemaking can be absorbed with existing resources.

Officials from the **Department of Corrections - Missouri Vocational Enterprises** state this proposal will have no fiscal impact on their agency.

According to officials from the **Office of Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the proposal. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

The **Department of Revenue (DOR)** response to proposals similar to, or identical to, this one in previous sessions indicated DOR planned to absorb the administrative costs to implement the proposal. Due to budget constraints, reduction of staff, and the limitations within the DOR motor vehicle legacy systems, changes cannot be made without significant impact to DOR resources and budget. Therefore, the fiscal impact of this proposal is estimated as follows:

ADMINISTRATIVE IMPACT

Motor Vehicle Bureau:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours of overtime at a cost of \$805 in FY 11.
- The Application for Missouri Personalized and Specialty License Plates (DOR-1716) will need to be revised to include a new plate type. This will require 40 hours of overtime for a Management Analyst Specialist I, at a cost of \$805 in FY 11.
- The DOR web site will need to be updated to include the new plate type. This will require 10 hours of overtime for an Administrative Analyst III, at a cost of \$218 in FY 11.

ASSUMPTION (continued)

Oversight assumes DOR is provided with core funding to handle a certain amount of activity each year. **Oversight** assumes DOR could absorb the personal service costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

DOR is charged \$279 for the initial set-up of a new specialty plate for passenger, truck, and RV as well as an additional charge of \$92 each to include disabled and motorcycle plates, for a total of \$463 for the initial set-up. This is a one-time fee that will be charged upon passage of this bill in FY 11.

Currently, it costs DOR \$4.75 per plate, \$9.50 per set of plates, for manufacturing flat plates through Missouri Vocational Enterprises. The number of applicants who will wish to obtain this plate is unknown. DOR is assuming 100 applicants in FY 11 at a cost to DOR of \$950 in FY 11.

Total cost for plate set-up and manufacturing: FY 11 \$1,413

Information Technology - OA-ITSD (DOR):

System Modifications: The Title and Registration Intranet Processing System (TRIPS) plate table would need to be updated to reflect the Multiple Sclerosis Society specialty plate. This function requires minimal programming and will be absorbed by existing staff.

REVENUE IMPACT

The number of applicants who will wish to obtain this plate is unknown. However, for each 100 Multiple Sclerosis Society specialty plate applications received, DOR assumes there will be an increase in revenue each year of \$2,500 that would be distributed 75% to Highway Fund, 15% to cities, and 10% to counties as a result of the \$25 specialty plate fee.

Oversight assumes that before this specialty plate is produced and DOR would incur the associated costs, there must be at least 200 applicants committed to purchase the plate. It is unknown if there will be the required number of applicants during the scope of this fiscal note. For fiscal note purposes only, **Oversight** will estimate revenue as: \$0 to Less than \$100,000. **Oversight** will also estimate cost to General Revenue as: \$0 to (Less than \$100,000).

FISCAL DESCRIPTION

This proposed legislation allows motorists to obtain Multiple Sclerosis special license plates. In order to obtain the specialty plates, the motorist must pay an annual \$25 emblem-use contribution to the National Multiple Sclerosis Society, a \$25 specialty license plate fee, and regular registration fees. The specialty plates shall bear the words "JOIN THE MOVEMENT" in lieu of the words "SHOW-ME STATE". Before these specialty plates may be issued, the director must receive in receipt of a list of at least 200 potential applicants who plan to purchase the plate and an application fee to defray the cost for developing the specialty plate.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
