FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Courts Administrator** assume the proposal would not fiscally impact the courts.

Officials from the **Department of Transportation, Office of Prosecution Services,** and the **Department of Public Safety - Highway Patrol** each assume the proposal would not fiscally impact their respective agencies.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide competent, effective representation for any new cases arising where indigent persons are charged with the proposed new crime of a motor vehicle driver, when overtaking a bicycle, to pass safely at a distance of less than 3 feet. This is a class C misdemeanor.

Passage of bills increasing penalties on existing crimes, or creating new crimes, requires the State Public Defender System to further extend resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal. Oversight also assumes this proposal simply clarifies existing language; therefore, Oversight assumes this proposal would not have a fiscal impact.
