FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety-Missouri State Highway Patrol** state this proposal will have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** state this proposal will have no fiscal impact on the Courts.

Officials from the **Office of the State Public Defender (SPD)** cannot assume existing staff will provide competent, effective representation for any new cases arising where indigent persons are charged with the proposed new crime of committing sexual conduct in the second degree in the presence of a minor or a person working in a jail, prison, or correctional facility would become a new Class D felony. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

Officials from the **Department of Corrections (DOC)** state that, currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase of direct offender costs either through incarceration (FY 10 average of \$16.40 per offender, per day, or an annual costs of \$5,986 per inmate) or through supervision provided by the Board of Probation and Parole (FY10 average of \$3.92 per offender, per day or an annual cost of \$1,431 per offender).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of Prosecution Services** did not respond to a request for fiscal note.
