FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Courts Administrator** assume the proposal would not fiscally impact the courts.

Officials from the **Office of Prosecution Services, Department of Public Safety - Highway Patrol, Department of Corrections** and the **Department of Health and Senior Services** each assume the proposal would not create a fiscal impact to their respective agencies.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide competent, effective representation for any new cases arising where indigent persons are charged with the proposed new crime of possession of blunt wraps - which would now be included in the possession of drug paraphernalia charges.

Passage of bills increasing penalties on existing crimes, or creating new crimes, requires the State Public Defender System to further extend resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
