FISCAL ANALYSIS

ASSUMPTION

Section 208.010:

Officials from the **Office of Administration-Administrative Hearing Commission, Office of the State Public Defender, Department of Corrections, Department of Health and Senior Services, Department of Insurance, Financial Institutions and Professional Registration, Office of Prosecution Services** and the **Office of the State Courts Administrator** each assume the proposal would have no fiscal impact on their respective agencies.

Officials from the **Office of the Attorney General** assume any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Social Services-Family Support Division (FSD)** state current policy allows an exemption for the first \$1,500 of cash surrender value of a designated burial fund. In addition, current policy allows a person to put more than \$1,500 in an irrevocable trust fund and designate the trust as the burial account. These funds are then disregarded as an asset in determining eligibility and benefits.

Under this proposed legislation, the FSD would disregard up to \$9,000 of the burial account, which is already currently allowed. Therefore, there is no fiscal impact to the FSD.

FISCAL IMPACT - Small Business
