FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Public Defender, Office of the State Courts Administrator, Department of Public Safety - Missouri Veterans Commission, Office of Prosecution Services,** and the **Department of Health and Senior Services** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Department of Corrections (DOC)** state This bill, if passed into law, prohibits the publication of any identifying information of gun owners and prohibits health care professionals from being required to inquire, document or disclose a patient's status as a gun owner.

Penalty provisions for violations, the component of the bill to have potential fiscal impact for DOC, is for a class A misdemeanor. Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY12 average of \$4.960 per offender, per day, or an annual cost of \$1,810 per offender).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016

<u>FISCAL IMPACT - Local Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016

FISCAL IMPACT - Small Business

FISCAL DESCRIPTION
