## FISCAL ANALYSIS

Officials from the **Department of Elementary and Secondary Education (DESE)** assumed the following costs associated with this proposal:

\$ 5,000	Analysis for determining appropriate cuts related to modification for the first standard (§171.415.4)
\$ 3,000	Programming changes for the data tables.
\$ 4,000	Modifications to the report.
<u>\$ 1,000</u>	Communication/navigation to the new report.
\$13,000	

**Oversight** assumes these costs can be absorbed with existing resources.

### §171.415.6 - Parent notification

DESE deferred to the local school districts and charter schools regarding the extent of any costs related to notifying parents about the contents of the report and providing directions for accessing the information.

Due to time constraints, no information regarding fiscal impact is available from school districts or charter school sponsors.

**Oversight** assumes costs associated with this section would be minimal to school districts and could be absorbed.
