FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration, Missouri Highway Patrol and Department of Revenue** each assume the current proposal would not fiscally impact their respective agencies.

House Amendment #1

Oversight assumes this amendment will not change the fiscal impact of the original proposal.

House Amendment #2

In response to a similar version of this proposal, officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

In response to a similar version of this proposal, officials from the **Department of Revenue and Missouri Highway Patrol** each assumed the proposal would not fiscally impact their respective agencies.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume that House Amendment #2 would not fiscally impact their agency.
