FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections (DOC)** state penalty provisions, the component of the bill to have potential fiscal impact for DOC, is for up to a class B felony, however the offender charged with any of the crimes outlined in this proposal could already be charged and prosecuted pursuant to current assault statutes.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase of direct offender costs either through incarceration (FY12 average of \$17.059 per offender, per day, or an annual cost of \$6,227 per inmate) or through supervision provided by the Board of Probation and Parole (FY12 average of \$4.960 per offender, per day, or an annual cost of \$1,810 per offender).

The following factors contribute to DOC's minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders;
- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another.

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons faced with the enhanced penalties for assault of a mass transit system worker.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

ASSUMPTION (continued)

In response to a similar proposals from this year (SB 263), officials from the **Office of Prosecution Services (OPS)** assumed the proposal would have no measurable fiscal impact on their agency. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs which are difficult to determine.

Officials from the **Office of the State Courts Administrator** and the **Department of Public Safety - Missouri Highway Patrol** each assume the proposal would not create a fiscal impact to their respective agencies.

<u>FISCAL IMPACT - State Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2014 (10 Mo.)	FY 2015	FY 2016
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
