FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol's Division of Drug and Crime Control** state that this legislation will require additional man hours and increased investigative time to determine, through the court system, what individuals have had their petition approved or denied. This process will be handled without incurring overtime; therefore, the Highway Patrol anticipates no fiscal impact.

Officials from the **Department of Corrections, Office of the State Public Defender, Office of the State Courts Administrator, Office of Prosecution Services, Missouri Ethics Commission**, and the **Office of the Secretary of State** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
