FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Economic Development - Divisions of Finance and Credit Unions, Office of State Courts Administrator** and the **Office of the Attorney General** assume the proposal would have no fiscal impact on their agencies.

The **Department of Corrections (DOC)** cannot predict the number of new commitments which may result from the creation of the offense specified in the proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the courts. If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operation costs either through incarceration (average of \$35.61 per inmate, per day) or through supervision provided by the Board of Probation and Parole (average of \$2.47 per offender, per day). DOC assumes the fiscal impact of this proposal would be \$0 to minimal based on the following factors:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders.
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence.

Supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed that the impact would be \$0 or a minimal amount that could be absorbed within existing resources. For fiscal note purposes, **Oversight** assumes costs would be unknown, but not expected to exceed \$ 100,000 annually.

FISCAL IMPACT - Small Business

L.R. NO. 2824-03
BILL NO. Perfected HCS for HB 1144
PAGE 3 OF 3
February 9, 2000

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposal would establish the Unfair Home Improvement Loans Act and would outlaw certain unfair or deceptive practices relating to home improvement loans. It would prohibit home solicitations where a home improvement loan is made encumbering the person's home to pay the loan when specified criteria are met. Violation of this Act's provisions would constitute a class D felony.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
