FUND AFFECTED	FY 2002	FY 2003	FY 2004
Local Government	\$0	\$0	\$0

Numbers within parentheses: () indicate costs or losses

This fiscal note contains 3 pages.

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education**, the **Missouri National Guard** and the **Missouri Gaming Commission** assume the proposed legislation would have no fiscal impact on their agencies.

Officials from the **Department of Social Services (DOS)** stated that the proposed legislation expands the projects that can be funded from the Veterans' Commission Capital Improvement Trust Fund to include veterans service officer programs, but does not change the share of money going to the Early Childhood Development, Education, and Care Fund. Therefore, DOS assumes there will be no fiscal impact to their agency.

Officials from the **Veterans' Commission (VET)** assume this proposal will have a impact of (\$750,000) to the Veterans' Commission Capital Improvements Trust Fund in each fiscal year, starting with FY 2002.

Oversight assumes the effective date of this proposal will be August 28, 2001, therefore the first grants will be issued in July, 2002, which is fiscal year 2003. Oversight also assumes a portion of the veterans' commission capital improvements trust fund's annual \$3 million allotment of gaming revenues shall be earmarked for grants to federally-chartered veterans' organizations. Oversight has ranged the fiscal impact of this proposal from \$0 to (\$750,000) depending on the number of grants issued. Oversight also assumes the Veterans' Commission can process the applications for grants with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2002	FY 2003	FY 2004
	(10 Mo.)

FISCAL IMPACT - Small Business

No direct fiscal impact on small businesses would be expected due to this proposal.

DESCRIPTION

This proposal allocates a portion of the Veterans' Commission Capital Improvements Trust Fund for the issuance of \$750,000 annually in matching fund grants for veterans service officer programs. The funds may be issued to any federally-chartered veterans' organization that is certified by the Veterans Administration to process claims within the administration system. Any organization receiving funds must have maintained a veterans service officer presence within the state for 3 years preceding the issuance of grants. The Missouri Veterans Commission must provide applications, establish grant requirements, and approve all grants. The grants will be made available annually and issued in July of each year.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.
