FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Governor, Missouri State Employees' Retirement System, Missouri Consolidated Health Care Plan, Missouri House of Representatives, Highway and Transportation Employees' and Highway Patrol Retirement System** and the **Missouri State Senate** assume the proposed legislation would have no fiscal impact on their agencies.

In response to similar legislation (SB 354), officials from the **Office of Administration** (OA) assume their agency would be responsible for reimbursing members of the commission for travel and other expenses actually and necessarily incurred in the performance of their duties. Officials assume the commission will meet eight (8) times per year and the Governor may appoint individuals from various parts of the state, therefore, officials have assumed an average cost per member for travel and per diem expenses. Officials estimate the total yearly cost to be \$3,120 (13 commission members x 8 meetings x \$30 (\$10 per diem expenses + \$20 travel expenses)). However, they assume the costs to their agency would range from \$2,500 to \$5,000.

Oversight assumes that the costs related to this proposal could be absorbed with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
	\$0	\$0	\$0
<u>FISCAL IMPACT - Local Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
	\$0	\$0	\$0

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal would create the Missouri Commission on Total Compensation. The purpose of the Commission is to establish a comprehensive approach to address total compensation of state employees. The Missouri Commission on Total Compensation will consist of thirteen members.

DESCRIPTION (continued)

AK:LR:OD (12/00)

The Commission will meet at least four times per year and is required to provide a report to the Governor and General Assembly annually. The members of the commission shall be reimbursed for travel and other expenses actually and necessarily incurred in the performance of their duties by the office of administration.

The Commission will evaluate and recommend action on compensation, retention and recruitment issues. It will cooperate with other agencies in developing a comprehensive approach to total state employee compensation. The Commission will have the power to conduct or participate in studies and hold hearings relating to total compensation of state employees. Prior to October 1 each year the Commission will recommend options to the Governor on budget allocation for the total compensation package for state employees.

The provisions of this proposal shall expire on August 28, 2006.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
