FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Elementary and Secondary Education** stated that the proposal would not affect their agency and that it would not affect distributions through the Foundation Formula because the Formula takes actual attendance by students divided by the hours a district was open for instruction.

Oversight assumes that school districts could realize some savings in FY 2001 from not having to open facilities for up to five days.

	\$0	\$0	\$0
<u>FISCAL IMPACT - Local Government</u>	FY 2002	FY 2003	FY 2004

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal would make an exception to the mandatory number of days of school attendance (174) for the 2000-2001 school year, only. The proposal would allow districts to reduce the year by up to 5 days.

This proposal contains an emergency clause.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space. The proposal would not affect Total State Revenue.
