COMMITTEE ON LEGISLATIVE RESEARCH

OVERSIGHT DIVISION

THE COMMITTEE ON LEGISLATIVE RESEARCH, Oversight Division, is an agency of the Missouri General Assembly as established in Chapter 23 of the Revised Statutes of Missouri. The programs and activities of the State of Missouri cost approximately \$23 billion annually. Each year the General Assembly enacts laws which add to, delete or change these programs. To meet the demands for more responsive and cost effective state government, legislators need to receive information regarding the status of the programs which they have created and the expenditure of funds which they have authorized. The work of the Oversight Division provides the General Assembly with a means to evaluate state agencies and state programs.

THE COMMITTEE ON LEGISLATIVE RESEARCH is a permanent joint committee of the Missouri General Assembly comprised of the chairman of the Senate Appropriations Committee and nine other members of the Senate and the chairman of the House Budget Committee and nine other members of the House of Representatives. The Senate members are appointed by the President Pro Tem of the Senate and the House members are appointed by the Speaker of the House of Representatives. No more than six members from the House and six members from the Senate may be of the same political party.

PROJECTS ARE ASSIGNED to the Oversight Division pursuant to a duly adopted concurrent resolution of the General Assembly or pursuant to a resolution adopted by the Committee on Legislative Research. Legislators or committees may make their requests for program evaluations through the Chairman of the Committee on Legislative Research or any other member of the Committee.

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

December, 2013

The Oversight Division is pleased to present the annual report on state bonded indebtedness and other evidences of indebtedness as required by Section 23.195, RSMo. This report is a summary of information compiled from state agencies and local governmental entities. Its contents describe both state debt and non-state debt as of June 30, 2013. The information is unaudited.

We have listed state debt, by agency, and local debt. It is important to mention the State of Missouri has continued to maintain its AAA bond rating for general obligation bonds. This means the state has a superior credit rating and can issue its bonds at a lower rate of interest.

We hope this report will be helpful to the members of the General Assembly and encourage you to contact our office if you have any questions regarding its content. You can obtain a copy of the report on the Oversight Division's website at <http://www.moga.mo.gov/oversight/reports.htm>

Introduction & Scope

Section 23.195, RSMo directs the Oversight Division of the Committee on Legislative Research to "...maintain a register of all state bonds or other evidences of indebtedness of all state agencies and of entities of the state given authority by law to incur indebtedness, whether or not the indebtedness is a liability of the state..." Subsection 2 of this statute requires that the Oversight Division "...report on the total bonded and other indebtedness including lease purchase agreements of this state and its various agencies, entities, and institutions to the individual members of the general assembly..." This report provides members of the state legislature with information regarding the amount of indebtedness incurred throughout the state as of June 30, 2013 so that they may make informed decisions regarding expenditures and appropriations.

Detailed information concerning the data presented in this report is available upon request from the Oversight Division, Room 132, State Capitol.

State Road Bonds

The Missouri Department of Transportation has sixteen bond series outstanding as of June 30, 2013. The authorization for issuing these bonds can be divided into three categories:

- A. The Missouri General Assembly authorized MoDOT to issue \$2.25 billion in bonds in 2000. MoDOT issued bonds in fiscal years 2001, 2002, and 2003 in amounts totaling \$907 million - referred to as senior lien bonds. Some were refunded/refinanced in 2006 and again in 2010.
- B. Voters approved Amendment 3 in 2004 authorizing MoDOT to issue bonds by providing additional vehicle sales taxes previously deposited to the state's General Revenue Fund. MoDOT issued \$1.98 billion of Amendment 3 bonds during fiscal years 2005 - 2010.
- C. MoDOT issued \$928 million in Grant Anticipation Revenue Vehicle (GARVEE) bonds in fiscal years 2009 and 2010.

Capital, Operating & Lease/Purchase and Other Obligations

The schedule below contains the total outstanding lease payments on facilities with lease options. Lease purchases for personal property as well as any other obligations are calculated to the end of the lease. For this schedule we have listed the FY 2014 lease payment as well as the outstanding balance on the leases.

The Office of Administration's Division of Facilities Management reports leases for land and buildings for those agencies indicated with an asterisk. The lease totals are computed on an annual basis so only the FY 2014 amount is listed. The lease purchase totals on equipment, etc., are calculated to the end of the lease and listed separately.

The Missouri Department of Transportation (MoDOT) has a policy that aids local governments by contractually committing MoDOT's financial resources to retiring bonds that were issued by the local governments for road or bridge projects on state owned highways that are located within the local government's boundaries. The total of those obligations is listed separately below.

Non-State Debt Independent Statutory Authority

The schedule below shows entities which are Missouri statutory authorities, some of which may issue tax exempt bonds which are the primary responsibility of entities such individuals and/or organizations, for whom the debt is issued.

The Jackson County Sports Complex Authority does not hold and is not directly responsible for the repayment of any indebtedness. Jackson County issues bonds for the improvement/upgrade of the sports complex. Jackson County has historically given the Authority \$3.5 million annually; however, in 1999, Jackson County began diverting the \$3.5 million annually for debt service on bonds. The state contributes \$2 million annually for Kansas City convention center (Bartle Hall) and \$3 million annually for the Jackson County convention center (Sports Complex) through 2015.

OTHER OBLIGATIONS

The Missouri Agriculture and Small Business Development Authority (MASBDA) administers loan guarantee programs. The Single-Purpose Animal Facilities Loan Guarantee Program provides a 50 percent first-loss guarantee on loans up to \$250,000 that banks and other lenders may make to independent livestock producers. Loans guaranteed by the livestock loan guarantee program can be used to finance breeding or feeder livestock, land, buildings, facilities, equipment, machinery and animal waste systems used to produce poultry, swine, beef and dairy cattle (and other livestock). The Value-added Loan Guarantee Program also provides a 50 percent first-loss guarantee on loans up to \$250,000. Loans guaranteed by the value-added guarantee program can be used to finance the acquisition, construction, improvement, or rehabilitation of agricultural property used for the purpose of processing, manufacturing, marketing, exporting and adding value to an agricultural product.

The 50 percent first loss guarantees made through the Single-Purpose Animal Facilities Loan Guarantee Program and the Value-Added Loan Guarantee Program are made against monies appropriated by the General Assembly to the Single-Purpose Animal Loan Guarantee Fund and the Agricultural Product Utilization and Business Development Loan Guarantee Fund.

These guarantees only becomes obligations of MASBDA if the loan is defaulted. Oversight has listed 50 percent of the principal balance outstanding on such loans.

POLITICAL SUBDIVISIONS

Local political subdivisions, upon approval of the voters, issue local general obligation bonds. Local government debt service is paid by the various political subdivisions. According to state law, the State Auditor is responsible for reviewing and registering general obligation bonds issued by most political subdivisions in Missouri. Those local general obligation bonds registered with the State Auditor's Office July 2012 through June 2013 as required by Section 108.240, RSMo, are included in this report. Under Section 108.300, RSMo, any county of the first classification, or city or school district with a population over 65,000 is not required to register their bond issues with the State Auditor, although some of these entities continue to do so. According to recent census data, the following political subdivisions are exempt from registration requirements, necessitating direct contact by the Oversight Division. Their information is included in this report.
