No tax credits shall be issued under this section until after January 1, 2008.

4. If the amount of such tax credit exceeds the total tax liability for the year in which the applicant is entitled to receive a tax credit, the amount that exceeds the state tax liability ***may be carried forward for credit against the taxes imposed under chapters 143, 147, and 148 for the succeeding six years, or until the full credit is used, whichever occurs first.*** The applicant shall not be entitled to a tax credit for taxes imposed under sections 143.191 to 143.265. Applicants entitled to receive such tax credits may transfer, sell, or assign the tax credits. Tax credits granted to a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

5. A purchaser, transferee, or assignee of the tax credits authorized under this section may use acquired tax credits to offset up to one hundred percent of the tax liabilities otherwise imposed under chapters 143, 147, and 148, except for sections 143.191 to 143.265. A seller, transferor, or assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department to administer and carry out the provisions of this section.

If an applicant applying for the tax credit meets the criteria required under this section, the department shall issue a certificate in the appropriate amount. If an applicant receives a tax credit for maintenance costs as a part of the applicant's acquisition costs, the department shall post on its Internet website the amount and type of maintenance costs and a description of the redevelopment project for which the applicant received a tax credit within thirty days after the department issues the certificate to the applicant.

(2) Issue the tax credits on a pro rata basis to all applicants entitled to receive tax credits in that year. Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the twenty million dollar limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years. ***No tax credits provided under this section shall be authorized after August 28, 2013.*** Any tax credits which have been authorized on or before August 28, 2013, but not issued, may be issued, subject to the limitations provided under this subsection, until all such authorized tax credits have been issued.

The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include the tax credits in any sources and uses and cost benefit analysis reviewed or created

for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830.

9. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

economic incentives for jobs that relocate from a Missouri border county to a Kansas border county, then the director shall execute and deliver to the governor, the speaker of the house of representatives, and the president pro tempore of the senate a written certification of such determination. Upon the execution and delivery of such written certification and the parties receiving such certification providing a unanimous written affirmation, the provisions of subsection 2 of this section shall not be effective until such time as the director determines that the Kansas Department of Commerce or any other Kansas executive department is not providing economic incentives for jobs that relocate from a Missouri border county to a Kansas border county, and the director has executed and delivered to the governor, the speaker of the house of representative, and the president pro tempore of the senate a written certification of such determination and the parties receiving such certification provide an unanimous written affirmation.

5. The director of the Missouri department of economic development shall notify the revisor of statutes of all changes in whether subsection 2 of this section is effective.

If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. After making all placements of interest otherwise provided by law, a school district may transfer from the capital projects fund to the incidental fund the interest earned from undesignated balances in the capital projects fund. A school district may borrow from one of the following funds: teachers' fund, incidental fund, or capital projects fund, as necessary to meet obligations in another of those funds; provided that the full amount is repaid to the lending fund within the same fiscal year.

5. Beginning in the 2006-07 school year, a district meeting the provisions of subsection 6 of section 163.031 and not making the transfer under subdivision (5) of subsection 4 of this section, nor making payments or expenditures related to obligations made under section 177.088 may transfer from the incidental fund to the debt service fund or the capital projects fund the greater of:

A district with territory in a county of the first classification with more than one hundred fifteen thousand but fewer than one hundred fifty thousand inhabitants that maintains the district office in a home rule city with more than thirteen thousand five hundred but fewer than fifteen thousand inhabitants shall be permitted a one-time transfer during school year 2014-15 of unrestricted funds from the incidental fund to the capital projects fund in an amount that leaves the incidental fund at a balance no lower than twenty percent for the purpose of constructing capital projects to improve student safety.

7. Beginning in the 2006-07 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031 an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund or debt service fund performed during the previous year in violation of this section; except that the state aid shall be deducted over no more than five school years following the school year of an unlawful transfer based on a plan from the district approved by the commissioner of elementary and secondary education.

8. A school district may transfer unrestricted funds from the capital projects fund to the incidental fund in any year to avoid becoming financially stressed as defined in subsection 1 of section 161.520. If on June thirtieth of any fiscal year the sum of unrestricted balances in a school district's incidental fund and teacher's fund is less than twenty percent of the sum of the school district's expenditures from those funds for the fiscal year ending on that June thirtieth, the school district may, during the next succeeding fiscal year, transfer to its incidental fund an amount up to and including the amount of the unrestricted balance in its capital projects fund on that June thirtieth. For purposes of this subsection, in addition to any other restrictions that may apply to funds in the school district's capital projects fund, any funds that are derived from the proceeds of one or more general obligation bond issues shall be considered restricted funds and shall not be transferred to the school district's incidental fund.

These sections expire 09-30-15 (see section 190.839 below):

190.800. 1. Each ground ambulance service, except for any ambulance service owned and operated by an entity owned and operated by the state of Missouri, including but not limited to any hospital owned or operated by the board of curators, as defined in chapter 172, or any department of the state, shall, in addition to all other fees and taxes now required or paid, pay an ambulance service reimbursement allowance tax for the privilege of engaging in the business of providing ambulance services in this state.

2. For the purpose of this section, the following terms shall mean:

(1) "Ambulance", the same meaning as such term is defined in section 190.100;

(2) "Ambulance service", the same meaning as such term is defined in section 190.100;

(3) "Engaging in the business of providing ambulance services in this state", accepting payment for such services;

(4) "Gross receipts", all amounts received by an ambulance service licensed under section 190.109 for its own account from the provision of all emergency services, as defined in section 190.100, to the public in the state of Missouri, but shall not include revenue from taxes collected under law, grants, subsidies received from governmental agencies, or the value of charity care.

190.803. 1. Each ambulance service's reimbursement allowance shall be based on its gross receipts using a formula established by the department of social services by rule. The

determination of tax due shall be the monthly gross receipts reported to the department of social services multiplied by the tax rate established by rule by the department of social services. Such tax rate may be a graduated rate based on gross receipts and shall not exceed a rate of six percent per annum of gross receipts.

2. Notwithstanding any other provision of law to the contrary, any action respecting the validity of the rules promulgated under this section or section 190.815 or 190.833 shall be filed in the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

190.806. Each ambulance service shall keep such records as may be necessary to determine the amount of its reimbursement allowance. On or before the first day of October of each year, every ambulance service shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such ambulance service's reimbursement allowance tax. Each licensed ambulance service shall report gross receipts to the department of social services. The information obtained by the department of social services shall be confidential.

190.809. 1. The director of the department of social services shall make a determination as to the amount of ambulance service reimbursement allowance tax due from each ambulance service.

2. The director of the department of social services shall notify each ambulance service of the annual amount of its reimbursement allowance tax on or before the first day of October each year. Such amount may be paid in monthly increments over the balance of the reimbursement allowance tax period, as set forth in subsection 1 of section 190.821.

3. The department of social services is authorized to offset the federal reimbursement allowance tax owed by an ambulance service against any MO HealthNet payment due such ambulance service, if the ambulance service requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the ambulance service an amount substantially equivalent to the assessment to be due from the ambulance service. The office of administration and state treasurer are authorized to make any fund transfers necessary to execute the offset.

4. The department of social services may adjust the tax rate quarterly on a prospective basis. The department of social services may adjust more frequently for individual ambulance services if there is a substantial and statistically significant change in their service provider characteristics. The department of social services may define such adjustment criteria by rule.

190.812. 1. Each ambulance service reimbursement allowance tax determination shall be final after receipt of written notice from the department of social services, unless the ambulance service files a protest with the director of the department of social services setting forth the grounds on which the protest is based within thirty days from the date of receipt of written notice from the department of social services to the ambulance service.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the ambulance service has so requested, the director or the director's designee shall grant the ambulance service a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the ambulance service and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, an ambulance service's appeal of the director's final decision shall be to the administrative hearing commission in accordance with

section 208.156 and section 621.055.

190.815. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed under sections 190.800 to 190.836. No later than November 30, 2009, the department of social services shall promulgate rules to implement the provisions of sections 190.830 to 190.836.

190.818. 1. The ambulance service reimbursement allowance tax owed or, if an offset has been requested, the balance, if any, after such offset shall be remitted by the ambulance service to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Ambulance Service Reimbursement Allowance Fund", which is hereby created for the sole purpose of providing payments to ambulance services. All investment earnings of the ambulance service reimbursement allowance fund shall be credited to the ambulance service reimbursement allowance fund. The unexpended balance in the ambulance service reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the ambulance service reimbursement allowance fund from year to year.

2. An offset as authorized by this section or a payment to the ambulance service reimbursement allowance fund shall be accepted as payment of the ambulance service's obligation imposed by section 190.800.

3. The state treasurer shall maintain records that show the amount of money in the ambulance service reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

190.821. 1. An ambulance service reimbursement allowance tax period as provided in sections 190.800 to 190.836 shall be from the first day of October to the thirtieth day of September. The department shall notify each ambulance service with a balance due on the thirtieth day of September of each year the amount of such balance due. If any ambulance service fails to pay its ambulance service reimbursement allowance tax within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance tax may remain unpaid during an appeal as provided in section 190.812.

2. Except as otherwise provided in this section, if any reimbursement allowance tax imposed under section 190.800 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the ambulance service and to compel the payment of such reimbursement allowance tax in the circuit court having jurisdiction in the county where the ambulance service is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend, or reinstate a MO HealthNet participation agreement to any ambulance service which fails to pay such delinquent reimbursement allowance tax required by section 190.800 unless under appeal as allowed in section 190.812.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance tax imposed under section 190.800 shall be grounds for denial, suspension, or revocation of a license granted under this chapter. The director of the department of social services may notify the department of health and senior services to deny, suspend, or revoke the license of any ambulance service which fails to pay a delinquent reimbursement allowance tax unless under appeal as provided in section 190.812.

190.824. Nothing in sections 190.800 to 190.836 shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any ambulance service granted by state or federal law.

190.827. The department of social services shall make payments to those ambulance services that have a valid MO HealthNet participation agreement with the department. The ambulance service reimbursement allowance shall not be used to supplant, and shall be in addition to, general revenue payments to ambulance services.

190.830. The requirements of sections 190.800 to 190.830 shall apply only so long as the revenues generated under section 190.800 are eligible for federal financial participation as provided in sections 190.800 to 190.836 and payments are made under section 190.800. For the purpose of this section, "federal financial participation" means the federal government's share of Missouri's expenditures under the MO HealthNet program. Notwithstanding any other provision of this section to the contrary, in the event federal financial participation is either denied, discontinued, reduced in excess of five percent per year, or no longer available for the revenues generated under section 190.800, the director of the department of social services shall cause disbursement of all moneys held in the ambulance service reimbursement allowance fund to be made to all ambulance services in accordance with rules promulgated by the department of social services, along with a full accounting of such disbursements, within forty-five days of receipt of notice thereof by the department of social services.

190.833. The ambulance service reimbursement allowance tax provided in section 190.800 shall not be imposed prior to the effective date of rules promulgated by the department of social services, but in no event prior to October 1, 2009.

190.836. No rules implementing sections 190.800 to 190.836 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of the department of social services. Rules shall be provided to all interested parties seventy-two hours prior to being filed with the secretary of state. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 190.800 to 190.836 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 190.800 to 190.836 and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

190.839. Sections 190.800 to 190.839 shall expire on September 30, 2015.

190.840. Notwithstanding the provisions of section 1.140 to the contrary, the provisions of this act shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of this act.

These sections expire 09-30-15 (see section 198.439 below):

198.401. 1. Each nursing facility, except for state-owned and -operated facilities, shall, in addition to all other fees and taxes now required or paid, pay a nursing facility reimbursement allowance for the privilege of engaging in the business of providing nursing facility services, other than services in an institution for mental diseases, in this state.

2. For the purpose of this section, the phrase "engaging in the business of providing

nursing facility services, other than services in an institution for mental diseases, in this state" means accepting payment for such services.

3. For the purpose of this section, the term "nursing facility" shall be defined using the definition in section 1396r, Title 42 United States Code, as amended, and as such qualifies as a class of health care providers recognized in federal Public Law 102-234 Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

198.403. Each nursing facility's reimbursement allowance shall be based on a formula set forth in rules and regulations promulgated by the department of social services as provided in section 198.436.

198.406. 1. Each nursing facility shall keep such records as may be necessary to determine the amount of its reimbursement allowance. On or before the first day of October of each year, every nursing facility shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine that nursing facility's reimbursement allowance.

2. If a nursing facility does not have a third prior year desk-reviewed cost report, elements of the reimbursement allowance shall be based on determinations by the department of social services in accordance with rules and regulations established under section 198.436.

198.409. 1. The director of the department of social services shall make a determination as to the amount of nursing facility reimbursement allowance due from each nursing facility.

2. The director of the department of social services shall notify each nursing facility of the annual amount of its reimbursement allowance on or before the first day of October each year. Such amount may be paid in monthly increments over the balance of the reimbursement allowance period.

3. The department of social services may offset the nursing facility reimbursement allowance owed by the nursing facility against any payment due that nursing facility only if the nursing facility requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the nursing facility an amount substantially equivalent to the reimbursement allowance owed by the nursing facility. The office of administration and state treasurer may make any fund transfers necessary to execute the offset.

198.412. 1. Each nursing facility reimbursement allowance determination shall be final after receipt of written notice from the department of social services, unless the nursing facility files a protest with the director of the department of social services setting forth the grounds on which the protest is based, within thirty days from the date of receipt of written notice from the department of social services to the nursing facility.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the nursing facility has so requested, the director or the director's designee shall grant the nursing facility a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the nursing facility and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, a nursing home's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

198.416. The director of the department of social services shall prescribe by rule the

form and content of any document required to be filed pursuant to the provisions of sections 198.401 to 198.436.

198.418. 1. The nursing facility reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the nursing facility to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Nursing Facility Reimbursement Allowance Fund", which is hereby created for the sole purposes of providing payment to nursing facilities and disbursing up to five percent of the federal funds deposited to the nursing facility reimbursement allowance fund each year, not to exceed one million five hundred thousand dollars, to the credit of the nursing facility quality of care fund, subject to appropriation. The "Nursing Facility Quality of Care Fund" is hereby created in the state treasury. All investment earnings of the nursing facility quality of care fund shall be credited to the nursing facility quality of care fund. The unexpended balance in the nursing facility quality of care fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the nursing facility quality of care fund from year to year. All investment earnings of the nursing facility reimbursement allowance fund shall be credited to the nursing facility reimbursement allowance fund.

2. An offset as authorized by this section or a payment to the nursing facility reimbursement allowance fund shall be accepted as payment of the nursing facility's obligation imposed by section 198.401.

3. The state treasurer shall maintain records that show the amount of money in the nursing facility reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

4. The unexpended balance in the nursing facility reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the nursing facility reimbursement allowance fund from year to year.

198.421. 1. A nursing facility reimbursement allowance period as provided in sections 198.401 to 198.436 shall be from the first day of October to the thirtieth day of September. The department shall notify each nursing facility with a balance due on the thirtieth day of September of each year the amount of such balance due. If any nursing home fails to pay its nursing facility reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal or as allowed in section 198.412.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provision of section 198.401 for a previous reimbursement allowance period is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the nursing facility and to compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the nursing facility is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid provider agreement to any nursing facility which fails to pay such delinquent reimbursement allowance required by section 198.401 unless under appeal as allowed in section 198.412.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under section 198.401 shall be grounds for denial, suspension

or revocation of a license granted under this chapter. The director of the department of health and senior services may deny, suspend or revoke the license of any nursing facility which fails to pay a delinquent reimbursement allowance unless under appeal as allowed in section 198.412.

198.424. Nothing in sections 198.401 to 198.436 shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any nursing facility granted by state law.

198.427. The department of social services shall make payments to those nursing facilities that have a valid Medicaid provider agreement with the department. Any per diem rate, or its equivalent, used to compute such payments shall be equal to or greater than the nursing facility's per diem rate in effect on January 1, 1994, for those facilities with a permanent rate established in accordance with regulations promulgated by the department of social services. Those nursing facilities without a permanent rate or with an interim rate as of January 1, 1994, will be subject to having their permanent rate established in accordance with regulations promulgated by the department of social services in effect on January 1, 1994. Once the permanent rate is established, any per diem rate, or its equivalent, used to compute such payments shall be equal to or greater than the permanent rate established according to regulations in effect on January 1, 1994. The nursing facility reimbursement allowance shall not be used to supplant, and shall be in addition to, general revenue payments to nursing facilities.

198.428. If the family support division is unable to make a determination regarding Medicaid eligibility for a resident within sixty days of the submission of a completed application for medical assistance for nursing facility services, the patient shall be Medicaid eligible until the application is approved or denied. However, in no event shall benefits be construed to commence prior to the date of application.

198.431. The requirements of sections 198.401 to 198.433 shall apply only as long as the revenues generated under section 198.401 are eligible for federal financial participation as provided in sections 198.401 to 198.433 and payments are made pursuant to the provisions of section 198.401. For the purpose of this section, "federal financial participation" is the federal government's share of Missouri's expenditures under the Medicaid program. Notwithstanding anything in this section to the contrary, in the event federal financial participation is either denied, discontinued, reduced in excess of five percent per year or no longer available for the revenues generated under section 198.401, the director of the department of social services shall cause disbursement of all funds held in the nursing facility reimbursement allowance fund to be made to all nursing facilities in accordance with regulations promulgated by the department of social services, along with a full accounting of such disbursements, within forty-five days of receipt of notice thereof by the department of social services.

198.433. The nursing home reimbursement allowance provided in section 198.401 shall not be imposed prior to the effective date of rules and regulations promulgated by the department of social services, but in no event prior to October 1, 1994.

198.436. No regulations implementing sections 198.401 to 198.436 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of the department of social services. Regulations must be provided to all interested parties seventy-two hours prior to being filed with the secretary of state. No rule or portion of a rule promulgated under the authority of sections 198.401 to 198.436 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

198.439. Sections 198.401 to 198.436 shall expire on September 30, 2015.

These sections expire 09-30-15 (see subsection 5 of section 208.437 below):

208.431. 1. For purposes of sections 208.431 to 208.437, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Medicaid managed care organization", a health benefit plan, as defined in section 376.1350, with a contract under 42 U.S.C. Section 1396b(m) to provide benefits to Missouri MC+ managed care program eligibility groups.

2. Beginning July 1, 2005, each Medicaid managed care organization in this state shall, in addition to all other fees and taxes now required or paid, pay a Medicaid managed care organization reimbursement allowance for the privilege of engaging in the business of providing health benefit services in this state.

3. Each Medicaid managed care organization's reimbursement allowance shall be based on a formula set forth in rules, including emergency rules if necessary, promulgated by the department of social services. No Medicaid managed care organization reimbursement allowance shall be collected by the department of social services if the federal Center for Medicare and Medicaid Services determines that such reimbursement allowance is not authorized under Title XIX of the Social Security Act. If such determination is made by the federal Center for Medicare and Medicaid Services, any Medicaid managed care organization reimbursement allowance collected prior to such determination shall be immediately returned to the Medicaid managed care organizations which have paid such allowance.

208.432. Each Medicaid managed care organization shall keep such records as may be necessary to determine the amount of its reimbursement allowance. Every Medicaid managed care organization shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine that Medicaid managed care organization's reimbursement allowance.

208.433. 1. The director of the department of social services shall make a determination as to the amount of Medicaid managed care organization's reimbursement allowance due from each Medicaid managed care organization.

2. The director of the department of social services shall notify each Medicaid managed care organization of the annual amount of its reimbursement allowance. Such amount may be paid in monthly increments over the balance of the reimbursement allowance period.

3. The department of social services may offset the managed care organization reimbursement allowance owed by the Medicaid managed care organization against any payment due that managed care organization only if the managed care organization requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the managed care organization an amount substantially equivalent to the reimbursement allowance owed by the managed care organization. The office of administration and state treasurer may make any fund transfers necessary to execute the offset.

208.434. 1. Each Medicaid managed care organization reimbursement allowance determination shall be final after receipt of written notice from the department of social services, unless the Medicaid managed care organization files a protest with the director of the department of social services setting forth the grounds on which the protest is based, within thirty days from the date of receipt of written notice from the department of social services to the managed care

organization.

2. If a timely protest is filed, the director of the department of social services shall reconsider the determination and, if the Medicaid managed care organization has so requested, the director or the director's designee shall grant the managed care organization a hearing to be held within forty-five days after the protest is filed, unless extended by agreement between the managed care organization and the director. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the reimbursement allowance determination and a final decision by the director of the department of social services, a managed care organization's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

208.435. 1. The department of social services shall promulgate rules, including emergency rules if necessary, to implement the provisions of sections 208.431 to 208.437, including but not limited to:

(1) The form and content of any documents required to be filed under sections 208.431 to 208.437;

(2) The dates for the filing of documents by Medicaid managed care organizations and for notification by the department to each Medicaid managed care organization of the annual amount of its reimbursement allowance; and

(3) The formula for determining the amount of each managed care organization's reimbursement allowance.

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 208.431 to 208.437 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 208.431 to 208.437 and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after May 13, 2005, shall be invalid and void.

208.436. 1. (1) The Medicaid managed care organization reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the managed care organization to the department of social services. The remittance shall be made payable to the director of the department of revenue.

(2) The amount remitted shall be deposited in the state treasury to the credit of the "Medicaid Managed Care Organization Reimbursement Allowance Fund", which is hereby created for the sole purposes of providing payment to Medicaid managed care organizations. All investment earnings of the managed care organization reimbursement allowance fund shall be credited to the Medicaid managed care organization reimbursement allowance fund.

(3) The unexpended balance in the Medicaid managed care organization reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080. The unexpended balance shall not revert to the general revenue fund, but shall accumulate in the Medicaid managed care organization reimbursement allowance fund from year to year.

(4) The state treasurer shall maintain records that show the amount of money in the Medicaid managed care organization reimbursement allowance fund at any time and the amount of any investment earnings on that amount. The department of social services shall disclose such information to any interested party upon written request.

2. An offset as authorized by this section or a payment to the Medicaid managed care

organization reimbursement allowance fund shall be accepted as payment of the Medicaid managed care organization's obligation imposed by section 208.431.

208.437. 1. A Medicaid managed care organization reimbursement allowance period as provided in sections 208.431 to 208.437 shall be from the first day of July to the thirtieth day of June. The department shall notify each Medicaid managed care organization with a balance due on the thirtieth day of June of each year the amount of such balance due. If any managed care organization fails to pay its managed care organization reimbursement allowance within thirty days of such notice, the reimbursement allowance shall be delinquent. The reimbursement allowance may remain unpaid during an appeal.

2. Except as otherwise provided in this section, if any reimbursement allowance imposed under the provisions of sections 208.431 to 208.437 is unpaid and delinquent, the department of social services may compel the payment of such reimbursement allowance in the circuit court having jurisdiction in the county where the main offices of the Medicaid managed care organization are located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid contract agreement to any Medicaid managed care organization which fails to pay such delinquent reimbursement allowance required by sections 208.431 to 208.437 unless under appeal.

3. Except as otherwise provided in this section, failure to pay a delinquent reimbursement allowance imposed under sections 208.431 to 208.437 shall be grounds for denial, suspension or revocation of a license granted by the department of insurance, financial institutions and professional registration. The director of the department of insurance, financial institutions and professional registration may deny, suspend or revoke the license of a Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) which fails to pay a managed care organization's delinquent reimbursement allowance unless under appeal.

4. Nothing in sections 208.431 to 208.437 shall be deemed to effect or in any way limit the tax-exempt or nonprofit status of any Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) granted by state law.

5. *Sections 208.431 to 208.437 shall expire on September 30, 2015.*

The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of (counties' names) impose a region-wide sales tax of (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

YES NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit

the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

These sections expire 09-30-15 (see section 338.550 below):

338.500. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon licensed retail pharmacies for the privilege of providing outpatient prescription drugs in this state. The tax is imposed upon the Missouri gross retail prescription receipts earned from filling outpatient retail prescriptions.

2. For purposes of sections 338.500 to 338.550: (1) "Gross retail prescription receipts" shall mean all amounts received by a licensed pharmacy for its own account from the sale of outpatient prescription drugs in the state of Missouri but shall not include those sales shipped out of the state of Missouri and shall include the receipts from cost sharing, dispensing fees, and retail prescription drug sales; (2) "Licensed pharmacy" shall have the same meaning as such term is defined in section 338.210; (3) "Retail" means a sale for use or consumption and not for resale.

338.505. 1. Each licensed retail pharmacy's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term

is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

2. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 338.500 to 338.550.

3. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules pursuant to this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

338.510. 1. Each licensed retail pharmacy shall keep such records as may be necessary to determine gross retail prescription receipts.

2. The director of revenue may prescribe the form and contents of any forms or other documents required by this section.

3. Each licensed retail pharmacy shall report the gross retail prescription receipts to the department of revenue.

4. The department of revenue shall provide the department of social services with the information that is necessary to implement the provisions of sections 338.500 to 338.550.

5. The information obtained by the department of social services from the department of revenue shall be confidential and any employee of the department of social services who unlawfully discloses any such information for any other purpose, except as authorized by law, shall be subject to the penalties specified in section 32.057.

338.515. The tax imposed by sections 338.500 to 338.550 shall become effective July 1, 2003, or the effective date of sections 338.500 to 338.550, whichever is later.

338.520. 1. The determination of the amount of tax due shall be the monthly gross retail prescription receipts reported to the department of revenue multiplied by the tax rate established by rule by the department of social services. Such tax rate may be a graduated rate based on gross retail prescription receipts and shall not exceed a rate of six percent per annum of gross retail prescription receipts; provided, that such rate shall not exceed one-tenth of one percent per annum in the case of licensed pharmacies of which eighty percent or more of such gross receipts are attributable to prescription drugs that are delivered directly to the patient via common carrier, by mail, or a courier service.

2. The department of social services shall notify each licensed retail pharmacy of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax rate quarterly on a prospective basis. The department of social services may adjust more frequently for individual providers if there is a substantial and statistically significant change in their pharmacy sales characteristics. The department of social services may define such adjustment criteria by rule.

338.530. The director of the department of social services may offset the tax owed by a pharmacy against any Missouri Medicaid payment due such pharmacy, if the pharmacy requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from

the pharmacy an amount substantially equal to the assessment due from the pharmacy. The office of administration and the state treasurer may make any fund transfers necessary to execute the offset.

338.535. 1. The pharmacy tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the pharmacy or the pharmacy's designee to the department of social services. The remittance shall be made payable to the director of the department of revenue and shall be deposited in the state treasury to the credit of the "Pharmacy Reimbursement Allowance Fund" which is hereby created to provide payments for services related to the Medicaid pharmacy program. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 338.530 or a payment to the pharmacy reimbursement allowance fund shall be accepted as payment of the obligation set forth in section 338.500.

3. The state treasurer shall maintain records showing the amount of money in the pharmacy reimbursement allowance fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the pharmacy reimbursement allowance fund at the end of the biennium shall not revert to the credit of the general revenue fund.

338.540. 1. The department of social services shall notify each pharmacy with a tax due of more than ninety days of the amount of such balance. If any pharmacy fails to pay its pharmacy tax within thirty days of such notice, the pharmacy tax shall be delinquent.

2. If any tax imposed pursuant to sections 338.500 to 338.550 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the pharmacy and compel the payment of such assessment in the circuit court having jurisdiction in the county where the pharmacy is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any pharmacy that fails to pay the tax imposed by section 338.500.

3. Failure to pay the tax imposed by section 338.500 shall be grounds for denial, suspension, or revocation of a license granted pursuant to this chapter. The department of social services may request the board of pharmacy to deny, suspend, or revoke the license of any pharmacy that fails to pay such tax.

338.550. 1. The pharmacy tax required by sections 338.500 to 338.550 shall expire ninety days after any one or more of the following conditions are met:

(1) The aggregate dispensing fee as appropriated by the general assembly paid to pharmacists per prescription is less than the fiscal year 2003 dispensing fees reimbursement amount; or

(2) The formula used to calculate the reimbursement as appropriated by the general assembly for products dispensed by pharmacies is changed resulting in lower reimbursement to the pharmacist in the aggregate than provided in fiscal year 2003; or

(3) September 30, 2015.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection. The provisions of sections 338.500 to 338.550 shall not apply to pharmacies domiciled or headquartered outside this state which are engaged in prescription drug sales that are delivered directly to patients within this state via common carrier, mail or a carrier service.

(c) Deliver agricultural commodities or products to the entity for processing, unless processing is required by multiple entities;

(6) "Renewable fuel production facility", a facility producing an energy source which is derived from a renewable, domestically grown, organic compound capable of powering machinery, including an engine or power plant, and any by-product derived from such energy source.

3. For all tax years beginning on or after January 1, 1999, a contributor who contributes funds to the authority may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265, chapter 148 chapter 147, in an amount of up to one hundred percent of such contribution. Tax credits claimed in a taxable year may be done so on a quarterly basis and applied to the estimated quarterly tax pursuant to this subsection. If a quarterly tax credit claim or series of claims contributes to causing an overpayment of taxes for a taxable year, such overpayment shall not be refunded but shall be applied to the next taxable year. The awarding of such credit shall be at the approval of the authority, based on the least amount of credits necessary to provide incentive for the contributions. A contributor that receives tax credits for a contribution to the authority shall receive no other consideration or compensation for such contribution, other than a federal tax deduction, if applicable, and goodwill.

4. A contributor shall submit to the authority an application for the tax credit authorized by this section on a form provided by the authority. If the contributor meets all criteria prescribed by this section and the authority, the authority shall issue a tax credit certificate in the appropriate amount. Tax credits issued pursuant to this section may be claimed in the taxable year in which the contributor contributes funds to the authority. For all fiscal years beginning on or after July 1, 2004, tax credits allowed pursuant to this section may be carried back to any of the contributor's three prior tax years and may be carried forward to any of the contributor's five subsequent taxable years. Tax credits issued pursuant to this section may be assigned, transferred or sold and the new owner of the tax credit shall have the same rights in the credit as the

contributor. Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the authority specifying the name and address of the new owner of the tax credit or the value of the credit.

5. The funds derived from contributions in this section shall be used for financial assistance or technical assistance for the purposes provided in section 348.407 to rural agricultural business concepts as approved by the authority. The authority may provide or facilitate loans, equity investments, or guaranteed loans for rural agricultural business concepts, but limited to two million dollars per project or the net state economic impact, whichever is less. Loans, equity investments or guaranteed loans may only be provided to feasible projects, and for an amount that is the least amount necessary to cause the project to occur, as determined by the authority. The authority may structure the loans, equity investments or guaranteed loans in a way that facilitates the project, but also provides for a compensatory return on investment or loan payment to the authority, based on the risk of the project.

6. In any given year, at least ten percent of the funds granted to rural agricultural business concepts shall be awarded to grant requests of twenty-five thousand dollars or less. No single rural agricultural business concept shall receive more than two hundred thousand dollars in grant awards from the authority. Agricultural businesses owned by minority members or women shall be given consideration in the allocation of funds.

348.432. 1. The tax credit created in this section shall be known as the "New Generation Cooperative Incentive Tax Credit".

2. As used in this section, the following terms mean:

(3) "Eligible new generation cooperative", a nonprofit cooperative association formed pursuant to chapter 274 or incorporated pursuant to chapter 357 for the purpose of operating within this state a development facility or a renewable fuel production facility and approved by the authority;

(4) "Eligible new generation processing entity", a partnership, corporation, cooperative, or limited liability company organized or incorporated pursuant to the laws of this state consisting of not less than twelve members, approved by the authority, for the purpose of owning or operating within this state a development facility or a renewable fuel production facility in which producer members:

(a) Hold a majority of the governance or voting rights of the entity and any governing committee;

(b) Control the hiring and firing of management; and

(c) Deliver agricultural commodities or products to the entity for processing, unless processing is required by multiple entities;

(5) "Employee-qualified capital project", an eligible new generation cooperative with capital costs greater than fifteen million dollars which will employ at least sixty employees;

(6) "Large capital project", an eligible new generation cooperative with capital costs greater than one million dollars;

(7) "Producer member", a person, partnership, corporation, trust or limited liability company whose main purpose is agricultural production that invests cash funds to an eligible new generation cooperative or eligible new generation processing entity;

(8) "Renewable fuel production facility", a facility producing an energy source which is

derived from a renewable, domestically grown, organic compound capable of powering machinery, including an engine or power plant, and any by-product derived from such energy source;

(9) "Small capital project", an eligible new generation cooperative with capital costs of no more than one million dollars.

3. Beginning tax year 1999, and ending December 31, 2002, any producer member who invests cash funds in an eligible new generation cooperative or eligible new generation processing entity may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265 or chapter 148, chapter 147, in an amount equal to the lesser of fifty percent of such producer member's investment or fifteen thousand dollars.

4. For all tax years beginning on or after January 1, 2003, any producer member who invests cash funds in an eligible new generation cooperative or eligible new generation processing entity may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265, chapter 147 or chapter 148, in an amount equal to the lesser of fifty percent of such producer member's investment or fifteen thousand dollars. Tax credits claimed in a taxable year may be done so on a quarterly basis and applied to the estimated quarterly tax pursuant to subsection 3 of this section. If a quarterly tax credit claim or series of claims contributes to causing an overpayment of taxes for a taxable year, such overpayment shall not be refunded but shall be applied to the next taxable year.

5. A producer member shall submit to the authority an application for the tax credit authorized by this section on a form provided by the authority. If the producer member meets all criteria prescribed by this section and is approved by the authority, the authority shall issue a tax credit certificate in the appropriate amount. Tax credits issued pursuant to this section may be carried back to any of the producer member's three prior taxable years and carried forward to any of the producer member's five subsequent taxable years regardless of the type of tax liability to which such credits are applied as authorized pursuant to subsection 3 of this section. Tax credits issued pursuant to this section may be assigned, transferred, sold or otherwise conveyed and the new owner of the tax credit shall have the same rights in the credit as the producer member. Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the authority specifying the name and address of the new owner of the tax credit or the value of the credit.

6. Ten percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to small capital projects. If any portion of the ten percent of tax credits offered to small capital costs projects is unused in any calendar year, then the unused portion of tax credits may be offered to employee-qualified capital projects and large capital projects. If the authority receives more applications for tax credits for small capital projects than tax credits are authorized therefor, then the authority, by rule, shall determine the method of distribution of tax credits authorized for small capital projects.

7. Ninety percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to employee-qualified capital projects and large capital projects. If any portion of the ninety percent of tax credits offered to employee-qualified capital projects and large capital costs projects is unused in any fiscal year, then the unused portion of tax credits may be offered to small capital projects. The maximum tax credit allowed per employee-qualified capital project is three million dollars and the maximum tax credit allowed per large capital project is one million five hundred thousand dollars. If the authority approves the maximum tax credit allowed for any employee-qualified capital project or any large capital project, then the authority, by rule, shall determine the method of distribution of such maximum tax credit. In

addition, if the authority receives more tax credit applications for employee-qualified capital projects and large capital projects than the amount of tax credits authorized therefor, then the authority, by rule, shall determine the method of distribution of tax credits authorized for employee-qualified capital projects and large capital projects.

348.434. 1. The aggregate of tax credits issued per fiscal year pursuant to sections 348.430 and 348.432 shall not exceed six million dollars.

2. Upon July 2, 1999, and ending June 30, 2000, tax credits shall be issued pursuant to section 348.430, except that, the authority shall allocate no more than three million dollars to fund section 348.432 in fiscal year 2000. Beginning in fiscal year 2001 and each subsequent year, tax credits shall be issued pursuant to section 348.432.

3. Beginning the first day of May of each fiscal year following implementation of section 348.432, the authority may determine the extent of tax credits, pursuant to section 348.432, that will be utilized in each fiscal year. If the authority determines that:

(1) Less than six million dollars for a fiscal year is to be utilized in tax credits pursuant to section 348.432; and

(2) The assets available to the authority, pursuant to section 348.430, do not exceed twelve million dollars; then, the authority may offer the remaining authorized tax credits be issued pursuant to section 348.430.

Before the judge rules upon the motion, the victim shall be given notice of such motion and the opportunity to be heard. Upon recommendation of the court, the department shall determine the offender's eligibility for the mental health assessment process.

3. Following this assessment and treatment period, an assessment report shall be sent to the sentencing court and the sentencing court may, if appropriate, release the offender on probation. The offender shall be supervised on probation by a state probation and parole officer, who shall work cooperatively with the department of mental health to enroll eligible offenders in community psychiatric rehabilitation (CPR) programs.

This section expires 09-30-15:

633.401. 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the intellectually disabled", a private or department of mental health facility which admits persons who are intellectually disabled or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the intellectually disabled" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the intellectually disabled" has the same meaning as the term "services of intermediate care facilities for the mentally retarded", as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the

assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the intellectually disabled shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final

decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. *The provisions of this section shall expire on September 30, 2015.*

The following sections expire 9-30-15 or upon reaching the contingency contained in section 208.478, whichever first occurs:

208.453. Every hospital as defined by section 197.020, except any hospital operated by the department of health and senior services, shall, in addition to all other fees and taxes now required or paid, pay a federal reimbursement allowance for the privilege of engaging in the business of providing inpatient health care in this state. For the purpose of this section, the phrase "engaging in the business of providing inpatient health care in this state" shall mean accepting payment for inpatient services rendered. The federal reimbursement allowance to be paid by a hospital which has an unsponsored care ratio that exceeds sixty-five percent or hospitals owned or operated by the board of curators, as defined in chapter 172, may be eliminated by the director of the department of social services. The unsponsored care ratio shall be calculated by the department of social services.

208.455. 1. Each hospital's federal reimbursement allowance shall be based on a formula set forth in rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

2. Notwithstanding any other provision of law to the contrary, appeals regarding this section shall be to the circuit court of Cole County or the circuit court in the county in which the hospital is located. The circuit court shall hear the matter as the court of original jurisdiction.

208.457. Each hospital shall keep such records as may be necessary to determine the amount of its federal reimbursement allowance. On or before September 1, 1992 and the first day of January of each year thereafter every hospital as defined by section 197.020, RSMo, shall submit to the department of social services a statement that accurately reflects if the hospital is publicly or privately owned, if the hospital is operated primarily for the care and treatment of mental disorders, if the hospital is operated by the department of health and senior services, or if the hospital accepts payment for services rendered. Every hospital required to pay the federal reimbursement allowance shall also submit a statement that accurately reflects total Missouri Medicaid hospital days, total unreimbursed care as determined from the hospital's third prior year desk-reviewed cost report and all other information as may be necessary to implement sections 208.450 to 208.480. If the hospital does not have a third prior year desk-reviewed cost report, unreimbursed care shall be based on estimates determined by the department of social services as established by rule and regulation.

208.459. 1. The director of the department of social services shall make a determination as to the amount of federal reimbursement allowance due from the various hospitals.

2. The director of the department of social services shall notify each hospital of the annual amount of its federal reimbursement allowance. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services is authorized to offset the federal reimbursement allowance owed by a hospital against any Missouri Medicaid payment due that hospital, if the hospital requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the hospital an amount substantially equivalent to the assessment to be due from the hospital. The office of administration and state treasurer are authorized to make any fund transfers necessary to execute the offset.

208.461. 1. Each federal reimbursement allowance assessment shall be final, unless the hospital files a protest with the director of the department of social services setting forth the

grounds on which the protest is based, within thirty days from the date of notice by the department of social services to the hospital.

2. If a timely protest is filed, the director of the department of social services shall reconsider the assessment and, if the hospital has so requested, the director shall grant the hospital a hearing within ninety days after the protest is filed, unless extended by agreement between the hospital and the director. The director shall issue a final decision within sixty days of completion of the hearing. After reconsideration of the assessment and a final decision by the director of the department of social services, a hospital's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

208.463. The director of the department of social services shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of sections 208.450 to 208.480.

208.465. 1. The federal reimbursement allowance owed or, if an offset has been requested, the balance, if any, after such offset, shall be remitted by the hospital to the department of social services. The remittance shall be made payable to the director of the department of revenue. The amount remitted shall be deposited in the state treasury to the credit of the "Federal Reimbursement Allowance Fund", which is hereby created for the purpose of providing payments to hospitals. All investment earnings of the fund shall be credited to the fund.

2. An offset as authorized by section 208.459 or a payment to the federal reimbursement allowance fund shall be accepted as payment of the obligation of section 208.453.

3. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

4. The unexpended balance in the federal reimbursement allowance fund at the end of the biennium is exempt from the provisions of section 33.080, RSMo. The unexpended balance shall not revert to the general revenue fund, but shall accumulate from year to year.

208.467. 1. A federal reimbursement allowance period shall be from the first day of October until the thirtieth day of September of the following year. The department shall notify each hospital with a balance due on September thirtieth of each year the amount of such balance due. If any hospital fails to pay its federal reimbursement allowance within thirty days of such notice, the assessment shall be delinquent.

2. If any assessment imposed under the provisions of sections 208.453 to 208.480 for a previous assessment period is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the hospital and to compel the payment of such assessment in the circuit court having jurisdiction in the county where the hospital is located. In addition, the director of the department of social services or the director's designee may cancel or refuse to issue, extend or reinstate a Medicaid provider agreement to any hospital which fails to pay the allowance required by section 208.453.

3. Failure to pay an assessment imposed under sections 208.450 to 208.480 shall be grounds for denial, suspension or revocation of a license granted under chapter 197, RSMo. The director of the department of social services may request that the director of the department of health and senior services deny, suspend or revoke the license of any hospital which fails to pay its assessment.

208.469. Nothing in sections 208.450 to 208.480 shall be deemed to affect or in any way

limit the tax exempt or nonprofit status of any hospital granted by state law.

208.471. 1. The department of social services shall make payments to those hospitals which have a Medicaid provider agreement with the department. Prior to June 30, 2002, the payment shall be in an annual, aggregate statewide amount which is at least the same as that paid in fiscal year 1991-1992 pursuant to rules in effect on August 30, 1991, under the federally approved state plan amendments.

2. Beginning July 1, 2002, sections 208.453 to 208.480 shall expire one hundred eighty days after the end of any state fiscal year in which the aggregate federal reimbursement allowance (FRA) assessment on hospitals is more than eighty-five percent of the sum of aggregate direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments, unless during such one hundred eighty-day period, such payments or assessments are adjusted prospectively by the director of the department of social services to comply with the eighty-five percent test imposed by this subsection. Enhanced graduate medical education payments shall not be included in the calculation required by this subsection if the general assembly appropriates the state's share of such payments from a source other than the federal reimbursement allowance. For purposes of this section, direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments shall:

(1) Include direct Medicaid payments, uninsured add-on payments and enhanced graduate medical education payments as defined in state regulations as of July 1, 2000;

(2) Include payments that substantially replace or supplant the payments described in subdivision (1) of this subsection;

(3) Include new payments that supplement the payments described in subdivision (1) of this subsection; and

(4) Exclude payments and assessments of acute care hospitals with an unsponsored care ratio of at least sixty-five percent that are licensed to operate less than fifty inpatient beds in which the state's share of such payments are made by certification.

3. The division of medical services may provide an alternative reimbursement for outpatient services. Other provisions of law to the contrary notwithstanding, the payment limits imposed by subdivision (2) of subsection 1 of section 208.152 shall not apply to such alternative reimbursement for outpatient services. Such alternative reimbursement may include enhanced payments or grants to hospital-sponsored clinics serving low income uninsured patients.

208.473. The requirements of sections 208.450 to 208.480 shall apply only as long as the revenues generated under section 208.453 are eligible for federal financial participation and payments are made pursuant to the provisions of section 208.471. For the purposes of this section, "federal financial participation" is the federal government's share of Missouri's expenditures under the Medicaid program.

208.475. The allowance imposed by sections 208.453 to 208.480 shall be effective upon promulgation of rules and regulations issued by the department of social services, but not later than October 1, 1992.

208.477. For each state fiscal year, if the criteria used to determine eligibility for Medicaid coverage under a Section 1115 waiver are more restrictive than those in place in state fiscal year 2003, the division of medical services shall:

(1) Reduce the federal reimbursement allowance assessment for that fiscal year. The reduction shall equal the amount of federal reimbursement allowance appropriated to fund the Section 1115 waiver in state fiscal year 2002 multiplied by the percentage decrease in Medicaid

waiver enrollment as a result of using the more restrictive waiver eligibility standards; and

(2) Increase cost of the uninsured payments for that fiscal year. The increased payments shall offset the higher uninsured costs resulting from the use of more restrictive Medicaid waiver eligibility criteria, as determined by the department of social services.

208.478. 1. For each state fiscal year beginning on or after July 1, 2003, the amount of appropriations made to fund Medicaid graduate medical education and enhanced graduate medical education payments pursuant to subsections (19) and (21) of 13 CSR 70-15.010 shall not be less than the amount paid for such purposes for state fiscal year 2002.

2. Sections 208.453 to 208.480 shall expire one hundred eighty days after the end of any state fiscal year in which the requirements of subsection 1 of this section were not met, unless during such one hundred eighty day period, payments are adjusted prospectively by the director of the department of social services to comply with the requirements of subsection 1 of this section.

208.479. No regulations implementing sections 208.450 to 208.475 may be filed with the secretary of state without first being provided to interested parties registered on a list of such parties to be maintained by the director of social services. Regulations must be provided to interested parties seventy-two hours prior to being filed with the secretary of state.

208.480. *Notwithstanding the provisions of section 208.471 to the contrary, sections 208.453 to 208.480 shall expire on September 30, 2015.*

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year plus ten cents per gallon for the next fifteen million gallons of qualified biodiesel produced from feedstock in the fiscal year. However, Missouri qualified biodiesel producers receiving any grants awarded prior to December 31, 2009, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period.

8. Any Missouri qualified biodiesel producer who receives any grant payments under this section who subsequently sells the biodiesel facility shall be subject to the following payback requirements:

- (1) If such facility is sold within less than one year of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of fifty percent of the total amount of grant payments received under this section;
- (2) If such facility is sold within one to two years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of forty percent of the total amount of grant payments received under this section;
- (3) If such facility is sold within two to three years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of thirty

percent of the total amount of grant payments received under this section;

(4) If such facility is sold within three to four years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of twenty percent of the total amount of grant payments received under this section;

(5) If such facility is sold within four to five years of the date of issuance of the last grant payment, the Missouri qualified biodiesel producer shall pay the state the amount of ten percent of the total amount of grant payments received under this section.

If the sale date of the facility falls on a date that qualifies under more than one subdivision of this subsection, the greater payback amount shall apply. Sections 303.400 to 303.412 expired 06-30-07 (see Section 303.415 below):

303.400. The provisions of sections 303.400 to 303.415 shall be known as the "Motorist Insurance Identification Database Act".

303.403. As used in sections 303.400 to 303.415, the following terms mean:

- (1) "Database", the motorist insurance identification database;
- (2) "Department", the department of revenue;
- (3) "Designated agent", the party with which the department contracts to implement the motorist insurance identification database;
- (4) "Program", the motorist insurance identification database program.

303.406. 1. The "Motorist Insurance Identification Database" is hereby created for the purpose of establishing a database to use to verify compliance with the motor vehicle financial responsibility requirements of this chapter. The program shall be administered by the department and shall receive funding from the "Motorist Insurance Identification Database Fund", which is hereby created in the state treasury. Effective July 1, 2002, the state treasurer shall credit to and deposit in the motorist insurance identification database fund six percent of the net general revenue portion received from collections of the insurance premiums tax levied and collected pursuant to sections 148.310 to 148.461.

2. To implement the program, the department may by July 1, 2002, contract with a designated agent which shall monitor compliance with the motor vehicle financial responsibility requirements of this chapter, except that the program shall not be implemented to notify owners of registered motor vehicles until the department certifies that the accuracy rate of the program exceeds ninety-five percent in correctly identifying owners of registered motor vehicles as having maintained or failed to maintain financial responsibility. After the department has entered into a contract with a designated agent, the department shall convene a working group for the purpose of facilitating the implementation of the program.

3. The designated agent, using its own computer network, shall, no later than December 31, 2002, develop, deliver and maintain a computer database with information provided by:

(1) Insurers, pursuant to sections 303.400 to 303.415; except that, any person who qualifies as self-insured pursuant to this chapter, or provides proof of insurance to the director pursuant to the provisions of section 303.160, shall not be required to provide information to the designated agent, but the state shall supply these records to the designated agent for inclusion in the database; and

(2) The department, which shall provide the designated agent with the name, date of birth and address of all persons in its computer database, and the make, year and vehicle identification number of all registered motor vehicles.

4. The department shall establish guidelines for the designated agent's development of the computer database so the database can be easily accessed by state and local law enforcement agencies within procedures already established, and shall not require additional computer keystrokes or other additional procedures by dispatch or law enforcement personnel. Once the database is operational, the designated agent shall, at least monthly, update the database with information provided by insurers and the department, and compare then-current motor vehicle registrations against the database.

5. Information provided to the designated agent by insurers and the department for inclusion in the database established pursuant to this section is the property of the insurer or the department, as the case may be, and is not subject to disclosure pursuant to chapter 610. Such information may not be disclosed except as follows:

(1) The designated agent shall verify a person's insurance coverage upon request by any state or local government agency investigating, litigating or enforcing such person's compliance with the motor vehicle financial responsibility requirements of this chapter;

(2) The department shall disclose whether an individual is maintaining the required insurance coverage upon request of the following individuals and agencies only:

- (a) The individual;
- (b) The parent or legal guardian of an individual if the individual is an unemancipated minor;
- (c) The legal guardian of the individual if the individual is legally incapacitated;
- (d) Any person who has power of attorney from the individual;
- (e) Any person who submits a notarized release from the individual that is dated no more than ninety days before the request is made;
- (f) Any person claiming loss or injury in a motor vehicle accident in which the individual is involved;
- (g) The office of the state auditor, for the purpose of conducting any audit authorized by law.

6. Any person or agency who knowingly discloses information from the database for any purpose, or to a person, other than those authorized in this section is guilty of a class A misdemeanor. The state shall not be liable to any person for gathering, managing or using information in the database pursuant to this section. The designated agent shall not be liable to any person for performing its duties pursuant to this section unless and to the extent such agent commits a willful and wanton act or omission or is negligent. The designated agent shall be liable to any insurer damaged by the designated agent's negligent failure to protect the confidentiality of the information and data disclosed by the insurer to the designated agent. The designated agent shall provide to this state an errors and omissions insurance policy covering such agent in an appropriate amount. No insurer shall be liable to any person for performing its duties pursuant to this section unless and to the extent the insurer commits a willful and wanton act of omission.

7. The department shall review the operation and performance of the motorist insurance identification database program to determine whether the number of uninsured motorists has declined during the first three years following implementation and shall submit a report of its findings to the general assembly no later than January fifteenth of the year following the third complete year of implementation. The department shall make copies of its report available to each member of the general assembly.

8. This section shall not supersede other actions or penalties that may be taken or imposed for violation of the motor vehicle financial responsibility requirements of this chapter.

9. The working group as provided for in subsection 2 of this section shall consist of representatives from the insurance industry, department of insurance, financial institutions and professional registration, department of public safety and the department of revenue. The director of revenue, after consultation with the working group, shall promulgate any rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536.

303.409. 1. If the motorist insurance identification database indicates the owner of a registered motor vehicle has, regardless of the owner's operation of such motor vehicle, failed to maintain the financial responsibility required in section 303.025 for two consecutive months, the designated agent shall on behalf of the director inform the owner that the director will suspend the owner's vehicle registration if the owner does not present proof of insurance as prescribed by the director within thirty days from the date of mailing. The designated agent shall not select owners of fleet or rental vehicles or vehicles that are insured pursuant to a commercial line policy for notification to determine motor vehicle liability coverage. The director may prescribe rules and regulations necessary for the implementation of this subsection. The notice issued to the vehicle owner by the designated agent shall be sent to the last known address shown on the

department's records. The notice is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the person to request a hearing, the procedure for requesting a hearing and the date by which that request for a hearing must be made. The suspension shall become effective thirty days after the subject person is deemed to have received the notice of suspension by first class mail as provided in section 303.041. If the request for a hearing is received prior to the effective date of the suspension, the effective date of the suspension will be stayed until a final order is issued following the hearing; however, any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension during the period of delay.

2. Neither the fact that, subsequent to the date of verification, the owner acquired the required liability insurance policy nor the fact that the owner terminated ownership of the motor vehicle shall have any bearing upon the director's decision to suspend. The suspension shall remain in force until termination despite the renewal of registration or acquisition of a new registration for the motor vehicle. The suspension shall also apply to any motor vehicle to which the owner transfers the registration.

3. Upon receipt of notification from the designated agent, the director shall suspend the owner's vehicle registration effective immediately. The suspension period shall be as follows:

(1) If the person's record shows no prior violation, the director shall terminate the suspension upon payment of a reinstatement fee of twenty dollars and submission of proof of insurance, as prescribed by the director;

(2) If the person's record shows one prior violation for failure to maintain financial responsibility within the immediately preceding two years, the director shall terminate the suspension ninety days after its effective date upon payment of a reinstatement fee of two hundred dollars and submission of proof of insurance, as prescribed by the director;

(3) If the person's record shows two or more prior violations for failure to maintain financial responsibility, the period of suspension shall terminate one year after its effective date upon payment of a reinstatement fee of four hundred dollars and submission of proof of insurance, as prescribed by the director.

4. In the event that proof of insurance as prescribed by the director has not been filed with the department of revenue in accordance with this chapter prior to the end of the period of suspension provided in this section, such period of suspension shall be extended until such proof of insurance has been filed. In no event shall filing proof of insurance reduce any period of suspension. If proof of insurance is not maintained during the three-year period following the reinstatement or termination of the suspension, the director shall again suspend the license and motor vehicle registration until proof of insurance is filed or the three-year period has elapsed. In no event shall filing proof of insurance reduce any period of suspension.

5. Notwithstanding the provisions of subsection 1 of this section, the director shall not suspend the registration or registrations of any owner who establishes to the satisfaction of the director that the owner's motor vehicle was inoperable or being stored and not operated on the date proof of financial responsibility is required by the director.

303.412. 1. Beginning March 1, 2003, before the seventh working date of each calendar month, all licensed insurance companies in this state shall provide to the designated agent a record of all policies in effect on the last day of the preceding month. This subsection shall not prohibit more frequent reporting.

2. The record pursuant to subsection 1 of this section shall include the following:

(1) The name, date of birth, driver's license number and address of each insured;

(2) The make, year and vehicle identification number of each insured motor vehicle;

(3) The policy number and effective date of the policy.

3. The department of revenue shall notify the department of insurance, financial institutions and professional registration of any insurer who violates any provisions of this act. The department of insurance, financial institutions and professional registration may, against any insurer who fails to comply with this section, assess a fine not greater than one thousand dollars per day of noncompliance. The department of revenue may assess a fine not greater than one thousand dollars per day against the designated agent for failure to complete the project by the dates designated in sections 303.400 to 303.415 unless the delay is deemed beyond the control of the designated agent or the designated agent provides acceptable proof that such a noncompliance was inadvertent, accidental or the result of excusable neglect. The department of insurance, financial institutions and professional registration shall excuse the fine against any insurer if an assessed insurer provides acceptable proof that such insurer's noncompliance was inadvertent, accidental or the result of excusable neglect.

303.415. 1. *Sections 303.400 and 303.403 shall become effective on July 1, 2002, and shall expire on June 30, 2007.*

2. *The enactment of section 303.025, and the repeal and reenactment of sections 303.406, 303.409, 303.412 and 303.415 shall become effective July 1, 2002 and sections 303.406, 303.409 and 303.412 shall expire on June 30, 2007.*

5. Beginning on August 28, 2013, the board of directors, on behalf of the pool, the executive director, and any other employees of the pool, shall have the authority to provide assistance or resources to any department, agency, public official, employee, or agent of the federal government for the specific purpose of transitioning individuals enrolled in the pool to coverage outside of the pool beginning on or before January 1, 2014. Such authority does not extend to authorizing the pool to implement, establish, create, administer, or otherwise operate a state-based exchange.

376.962. 1. The board of directors on behalf of the pool shall submit to the director a plan of operation for the pool and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the pool. After notice and hearing, the director shall approve the plan of operation, provided it is determined to be suitable to assure the fair,

reasonable and equitable administration of the pool, and it provides for the sharing of pool gains or losses on an equitable proportionate basis. The plan of operation shall become effective upon approval in writing by the director consistent with the date on which the coverage under sections 376.960 to 376.989 becomes available. If the pool fails to submit a suitable plan of operation within one hundred eighty days after the appointment of the board of directors, or at any time thereafter fails to submit suitable amendments to the plan, the director shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this section. Assessment shall occur at the end of each calendar year and shall be due and payable within thirty days of receipt of the assessment notice.

3. On or before September 1, 2013, the board shall submit the amendments to the plan of operation as are necessary or suitable to ensure a reasonable transition period to allow for the termination of issuance of policies by the pool.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

376.964. The board of directors and administering insurers of the pool shall have the general powers and authority granted under the laws of this state to insurance companies licensed to transact health insurance as defined in section 376.960, and, in addition thereto, the specific authority to:

Rates shall not be unreasonable in relation to the coverage provided, the risk experience and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial and underwriting practices;

(5) Assess members of the pool in accordance with the provisions of this section, and to make advance interim assessments as may be reasonable and necessary for the organizational and interim operating expenses. Any such interim assessments are to be credited as offsets against any regular assessments due following the close of the fiscal year;

(6) Prior to January 1, 2014, issue policies of insurance in accordance with the requirements of sections 376.960 to 376.989. In no event shall new policies of insurance be issued on or after January 1, 2014;

No member of the board of directors of the Missouri health insurance pool shall be civilly liable, either jointly or separately, as a result of any act, omission or decision in performance of his duties as specifically required by sections 376.960 to 376.989. Such immunity shall not attach for any intentional or reckless act affecting the property or rights of any person.

376.966. 1. No employee shall involuntarily lose his or her group coverage by decision of his or her employer on the grounds that such employee may subsequently enroll in the pool. The department shall have authority to promulgate rules and regulations to enforce this subsection.

3. The following individual persons shall not be eligible for coverage under the pool:

(1) Persons who have, on the date of issue of coverage by the pool, or obtain coverage under health insurance or an insurance arrangement substantially similar to or more comprehensive than a plan policy, or would be eligible to have coverage if the person elected to obtain it, except that:

(a) This exclusion shall not apply to a person who has such coverage but whose premiums have increased to one hundred fifty percent to two hundred percent of rates established by the board as applicable for individual standard risks;

(b) A person may maintain other coverage for the period of time the person is satisfying any preexisting condition waiting period under a pool policy; and

4. Any person who ceases to meet the eligibility requirements of this section may be terminated at the end of such person's policy period.

5. If an insurer issues one or more of the following or takes any other action based wholly or partially on medical underwriting considerations which is likely to render any person eligible for pool coverage, the insurer shall notify all persons affected of the existence of the pool, as well as the eligibility requirements and methods of applying for pool coverage:

- (1) A notice of rejection or cancellation of coverage;
- (2) A notice of reduction or limitation of coverage, including restrictive riders, if the effect of the reduction or limitation is to substantially reduce coverage compared to the coverage available to a person considered a standard risk for the type of coverage provided by the plan.

6. Coverage under the pool shall expire on January 1, 2014.

376.968. The board shall select an insurer, insurers, or third-party administrators through a competitive bidding process to administer the pool. The board shall evaluate bids submitted based on criteria established by the board which shall include:

- (1) The insurer's proven ability to handle individual accident and health insurance;
- (2) The efficiency of the insurer's claim-paying procedures;
- (3) An estimate of total charges for administering the plan;
- (4) The insurer's ability to administer the pool in a cost-efficient manner.

376.970. 1. The administering insurer shall serve for a period of three years subject to removal for cause. At least one year prior to the expiration of each three-year period of service by an administering insurer, the board shall invite all insurers, including the current administering insurer, to submit bids to serve as the administering insurer for the succeeding three-year period. Selection of the administering insurer for the succeeding period shall be made at least six months prior to the end of the current three-year period.

2. The administering insurer shall:

- (1) Perform all eligibility and administrative claim-payment functions relating to the pool;
- (2) Establish a premium billing procedure for collection of premium from insured persons. Billings shall be made on a period basis as determined by the board;
- (3) Perform all necessary functions to assure timely payment of benefits to covered persons under the pool including:
 - (a) Making available information relating to the proper manner of submitting a claim for benefits to the pool and distributing forms upon which submission shall be made;
 - (b) Evaluating the eligibility of each claim for payment by the pool;
- (4) Submit regular reports to the board regarding the operation of the pool. The frequency, content and form of the report shall be determined by the board;
- (5) Following the close of each calendar year, determine net written and earned premiums, the expense of administration, and the paid and incurred losses for the year and report this information to the board and the department on a form prescribed by the director;
- (6) Be paid as provided in the plan of operation for its expenses incurred in the performance of its services.

3. On or before September 1, 2013, the board shall invite all insurers and third-party administrators, including the current administering insurer, to submit bids to serve as the administering insurer or third-party administrator for the pool. Selection of the administering insurer or third-party administrator shall be made prior to January 1, 2014.

4. Beginning January 1, 2014, the administering insurer or third-party administrator shall:

- (1) Submit to the board and director a detailed plan outlining the winding down of operations of the pool. The plan shall be submitted no later than January 31, 2014, and shall be updated quarterly thereafter;
- (2) Perform all administrative claim-payment functions relating to the pool;
- (3) Perform all necessary functions to assure timely payment of benefits to covered persons under the pool including:

- (a) Making available information relating to the proper manner of submitting a claim for benefits to the pool and distributing forms upon which submission shall be made;
- (b) Evaluating the eligibility of each claim for payment by the pool;
- (4) Submit regular reports to the board regarding the operation of the pool. The frequency, content and form of the report shall be determined by the board;
- (5) Following the close of each calendar year, determine the expense of administration, and the paid and incurred losses for the year, and report such information to the board and department on a form prescribed by the director;
- (6) Be paid as provided in the plan of operation for its expenses incurred in the performance of its services.

376.973. 1. Following the close of each fiscal year, the pool administrator shall determine the net premiums (premiums less administrative expense allowances), the pool expenses of administration and the incurred losses for the year, taking into account investment income and other appropriate gains and losses. Health insurance premiums and benefits paid by an insurance arrangement that are less than an amount determined by the board to justify the cost of collection shall not be considered for purposes of determining assessments. The total cost of pool operation shall be the amount by which all program expenses, including pool expenses of administration, incurred losses for the year, and other appropriate losses exceeds all program revenues, including net premiums, investment income, and other appropriate gains.

2. Each insurer's assessment shall be determined by multiplying the total cost of pool operation by a fraction, the numerator of which equals that insurer's premium and subscriber contract charges for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges written in the state and one hundred ten percent of all claims paid by insurance arrangements in the state during the preceding calendar year; provided, however, that the assessment for each health maintenance organization shall be determined through the application of an equitable formula based upon the value of services provided in the preceding calendar year.

3. Each insurance arrangement's assessment shall be determined by multiplying the total cost of pool operation calculated under subsection 1 of this section by a fraction, the numerator of which equals one hundred ten percent of the benefits paid by that insurance arrangement on behalf of insureds in this state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges and one hundred ten percent of all benefits paid by insurance arrangements made on behalf of insureds in this state during the preceding calendar year. Insurance arrangements shall report to the board claims payments made in this state on an annual basis on a form prescribed by the director.

4. If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" include reserves for incurred but not paid claims.

5. Assessments shall continue until such a time as the executive director of the pool provides notice to the board and director that all claims have been paid.

6. Any assessment funds remaining at the time the executive director provides notice that all claims have been paid shall be deposited in the state general revenue fund.

376.975. Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with it. Any deficit incurred by the pool shall be recouped by assessments apportioned as provided in subsections 1, 2, and 3 of section 376.973 by the board among members. The amount of assessments incurred by each member of the pool shall be

allowed as an offset against certain taxes, and shall be subject to certain limitations, as follows: Each pool member subject to chapter 148 may deduct from premium taxes payable for any calendar year to the state any and all assessments paid for the same year pursuant to sections 376.960 to 376.989. All assessments, for a fiscal year, shall not exceed the net premium tax due and payable by such member in the previous year. If the assessment exceeds any premium tax due or payable in such year, the excess shall be a credit or offset carried forward against any premium tax due or payable in succeeding years until the excess is exhausted.

376.978. The director of revenue shall determine the difference between the amount of money the state treasurer, pursuant to sections 148.350 and 148.380, is required to credit to the county foreign insurance tax fund under the provisions of sections 376.960 to 376.989 and the amount of money the state treasurer, pursuant to sections 148.350 and 148.380, would be required to credit to the county foreign insurance tax fund if sections 376.960 to 376.989 were not law. If the director determines that sections 376.960 to 376.989 reduce the amount of money that will be credited to the county foreign insurance tax fund, then the director shall inform the state treasurer of such amount and, notwithstanding sections 148.350 and 148.380, the state treasurer shall reimburse the county foreign insurance tax fund in an amount equal to such difference by reducing by the same amount the portion that would otherwise be credited to the general revenue fund.

376.980. Each pool member exempt from chapter 148 shall be allowed to offset against any sales or use tax on purchases due, paid, or payable in the calendar year in which such assessments are made. Further, such assessment, for any fiscal year, shall not exceed one percent of nongroup premium income, exclusive of Medicare supplement programs, received in the previous year. If the assessment exceeds the part of any sales tax or use tax due or payable in such year, the excess shall be a credit or offset carried forward against the part of any sales tax or use tax due or payable in succeeding years until the excess is exhausted. The director of revenue, in consultation with the board, shall promulgate and enforce reasonable rules and regulations and prescribe forms for the administration and enforcement of this law.

376.982. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.984. The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. In the event an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessment set forth in subsections 1, 2, and 3 of section 376.973. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency for four years.

376.986. 1. The pool shall offer major medical expense coverage to every person eligible for coverage under section 376.966. The coverage to be issued by the pool and its schedule of benefits, exclusions and other limitations, shall be established by the board with the advice and recommendations of the pool members, and such plan of pool coverage shall be submitted to the director for approval. The pool shall also offer coverage for drugs and supplies requiring a medical prescription and coverage for patient education services, to be provided at the direction of a physician, encompassing the provision of information, therapy, programs, or other

services on an inpatient or outpatient basis, designed to restrict, control, or otherwise cause remission of the covered condition, illness or defect.

2. In establishing the pool coverage the board shall take into consideration the levels of health insurance provided in this state and medical economic factors as may be deemed appropriate, and shall promulgate benefit levels, deductibles, coinsurance factors, exclusions and limitations determined to be generally reflective of and commensurate with health insurance provided through a representative number of insurers in this state.

3. The pool shall establish premium rates for pool coverage as provided in subsection 4 of this section. Separate schedules of premium rates based on age, sex and geographical location may apply for individual risks. Premium rates and schedules shall be submitted to the director for approval prior to use.

4. The pool, with the assistance of the director, shall determine the standard risk rate by considering the premium rates charged by other insurers offering health insurance coverage to individuals. The standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Initial rates for pool coverage shall not be less than one hundred twenty-five percent of rates established as applicable for individual standard risks. Subject to the limits provided in this subsection, subsequent rates shall be established to provide fully for the expected costs of claims including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described herein. In no event shall pool rates exceed the following:

(1) For federally defined eligible individuals and trade act eligible individuals, rates shall be equal to the percent of rates applicable to individual standard risks actuarially determined to be sufficient to recover the sum of the cost of benefits paid under the pool for federally defined and trade act eligible individuals plus the proportion of the pool's administrative expense applicable to federally defined and trade act eligible individuals enrolled for pool coverage, provided that such rates shall not exceed one hundred fifty percent of rates applicable to individual standard risks; and

(2) For all other individuals covered under the pool, one hundred fifty percent of rates applicable to individual standard risks.

5. Pool coverage established pursuant to this section shall provide an appropriate high and low deductible to be selected by the pool applicant. The deductibles and coinsurance factors may be adjusted annually in accordance with the medical component of the consumer price index.

6. Pool coverage shall exclude charges or expenses incurred during the first twelve months following the effective date of coverage as to any condition for which medical advice, care or treatment was recommended or received as to such condition during the six-month period immediately preceding the effective date of coverage. Such preexisting condition exclusions shall be waived to the extent to which similar exclusions, if any, have been satisfied under any prior health insurance coverage which was involuntarily terminated, if application for pool coverage is made not later than sixty-three days following such involuntary termination and, in such case, coverage in the pool shall be effective from the date on which such prior coverage was terminated.

7. No preexisting condition exclusion shall be applied to the following:

(1) A federally defined eligible individual who has not experienced a significant gap in coverage; or

(2) A trade act eligible individual who maintained creditable health insurance coverage for an aggregate period of three months prior to loss of employment and who has not experienced a significant gap in coverage since that time.

8. Benefits otherwise payable under pool coverage shall be reduced by all amounts paid

or payable through any other health insurance, or insurance arrangement, and by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment or liability insurance whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any state or federal law or program except Medicaid. The insurer or the pool shall have a cause of action against an eligible person for the recovery of the amount of benefits paid which are not for covered expenses. Benefits due from the pool may be reduced or refused as a setoff against any amount recoverable under this subsection.

9. Medical expenses shall include expenses for comparable benefits for those who rely solely on spiritual means through prayer for healing.

376.987. 1. The board shall offer to all eligible persons for pool coverage under section 376.966 the option of receiving health insurance coverage through a high-deductible health plan and the establishment of a health savings account. In order for a qualified individual to obtain a high-deductible health plan through the pool, such individual shall present evidence, in a manner prescribed by regulation, to the board that he or she has established a health savings account in compliance with 26 U.S.C. Section 223, and any amendments and regulations promulgated thereto.

2. As used in this section, the term "health savings account" shall have the same meaning ascribed to it as in 26 U.S.C. Section 223(d), as amended. The term "high-deductible health plan" shall mean a policy or contract of health insurance or health care plan that meets the criteria established in 26 U.S.C. Section 223(c)(2), as amended, and any regulations promulgated thereunder.

3. The board is authorized to promulgate rules and regulations for the administration and implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

376.989. Neither the participation in the pool as members, the establishment of rates, forms or procedures, nor any other joint or collective action required or permitted by the provisions of sections 376.960 to 376.989 shall be the basis of any legal action, criminal or civil liability or penalty against the pool, the pool administrator, the board or any of its members, or pool employees, contractors, or consultants, or any of its members.

This section expired 12-31-13:

376.1192. 1. As used in this section, "health benefit plan" and "health carrier" shall have the same meaning as such terms are defined in section 376.1350.

2. Beginning September 1, 2013, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if state mandates were enacted to provide health benefit plan coverage for the following:

(1) Orally administered anticancer medication that is used to kill or slow the growth of cancerous cells charged at the same co-payment, deductible, or coinsurance amount as intravenously administered or injected cancer medication that is provided, regardless of formulation or benefit category determination by the health carrier administering the health

benefit plan;

(2) Diagnosis and treatment of eating disorders that include anorexia nervosa, bulimia, binge eating, eating disorders nonspecified, and any other severe eating disorders contained in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. The actuarial analysis shall assume the following are included in health benefit plan coverage:

(a) Residential treatment for eating disorders, if such treatment is medically necessary in accordance with the Practice Guidelines for the Treatment of Patients with Eating Disorders, as most recently published by the American Psychiatric Association; and

(b) Access to medical treatment that provides coverage for integrated care and treatment as recommended by medical and mental health care professionals, including but not limited to psychological services, nutrition counseling, physical therapy, dietician services, medical monitoring, and psychiatric monitoring.

3. By December 31, 2013, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker of the house of representatives, the president pro tempore of the senate, and the chairpersons of the house of representatives committee on health insurance and the senate small business, insurance and industry committee, or the committees having jurisdiction over health insurance issues if the preceding committees no longer exist.

4. For the purposes of this section, the actuarial analysis of health benefit plan coverage shall assume that such coverage:

(1) Shall not be subject to any greater deductible or co-payment than other health care services provided by the health benefit plan; and

(2) Shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months' or less duration, or any other supplemental policy.

5. The cost for each actuarial analysis shall not exceed thirty thousand dollars and the oversight division of the joint committee on legislative research may utilize any actuary contracted to perform services for the Missouri consolidated health care plan to perform the analysis required under this section.

6. *The provisions of this section shall expire on December 31, 2013.*

2. It shall be an unfair business practice in violation of section 407.020 for a for-profit entity or natural person to collect donations of unwanted household items via a public receptacle and resell the donated items where some or all of the proceeds from the sale are directly given to a not-for-profit entity unless the donation receptacle prominently displays a statement in bold letters at least two inches high and two inches wide stating: "DONATIONS TO THE FOR-PROFIT COMPANY: (name of the company) ARE SOLD FOR PROFIT AND (% of proceeds donated to the not-for-profit) % OF ALL PROCEEDS ARE DONATED TO (name of the nonprofit beneficiary organization's name)."

3. It shall be an unfair business practice in violation of section 407.020 for a for-profit

entity or natural person to collect donations of unwanted household items via a public receptacle and resell the donated items, where such for-profit entity is paid a flat fee, not contingent upon the proceeds generated by the sale of the collected goods, and one hundred percent of the proceeds from the sale of the items are given directly to the not-for-profit, unless the donation receptacle prominently displays a statement in bold letters at least two inches high and two inches wide stating: "THIS DONATION RECEPTACLE IS OPERATED BY THE FOR-PROFIT ENTITY: (name of the for-profit/individual) ON BEHALF OF (name of the nonprofit beneficiary organization's name).".

Any charges incurred in such removal shall be the responsibility of the owner of the receptacle. Unless the receptacle owner pays such charges within thirty calendar days of the sending of a written certified letter from the property owner stating his or her intent to remove the receptacle, the receptacle owner shall relinquish any right to the receptacle. b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest capital returned from

qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

(b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section. This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be

made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253 of the Missouri sunset act:

(1) ***The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and***

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.

The cumulative amount of tax credits which may be claimed by eligible applicants claiming all credits authorized in this section shall not exceed one million dollars in any calendar year, subject to appropriations.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. Any qualified property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel or recharge electric vehicles shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the qualified property ceased to sell alternative fuel or recharge electric vehicles and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel or recharging of electric vehicles ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the year prior to the application year. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the

homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue.

The applicant shall attest under penalty of perjury:

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;

- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;

- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and

- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;

- (2) That the applicant's prior year income was less than the maximum upper limit;

- (3) To the address of the homestead property;

- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value; and

- (5) The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a

list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one

percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing

such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

18. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

Such tax shall be due and payable on or before December thirty-first of the year levied and, if it becomes delinquent, shall be subject to a penalty equal to that specified in section 140.100.

160.459. 1. There is hereby established the "Rebuild Missouri Schools Program" under which the state board of education shall distribute no-interest funding to eligible school districts from moneys appropriated by the general assembly to the rebuild Missouri schools program fund

for the purposes of this section to assist in paying the costs of emergency projects.

2. As used in this section, the following terms mean:

(1) "Eligible school district", any public school district that has one or more school facilities that have experienced severe damage or destruction due to an act of God or extreme weather events, including but not limited to tornado, flood, or hail;

(4) "Severe damage", such level of damage as to render all or a substantial portion of a facility within a school district unusable for the purpose for which it was being used immediately prior to the event that caused the damage.

3. Under rules and procedures established by the state board of education, eligible school districts may receive moneys from the fund to pay for the costs of one or more emergency projects.

4. Each eligible school district applying for such funding shall enter into an agreement with the state board of education which shall provide for all of the following:

(1) The funding shall be used only to pay the costs of an emergency project;

(2) The eligible school district shall pay no interest for the funding;

(3) The eligible school district shall, subject to annual appropriation as provided in this section, repay the amount of the funding to the fund in annual installments, which may or may not be equal in amount, not more than twenty years from the date the funding is received by the eligible school district. If the fund is no longer in existence, the eligible school district shall repay the amount of the funding to the general revenue fund;

(4) The repayment described in subdivision (3) of this subsection shall annually be subject to an appropriation by the board of education of the eligible school district to make such repayment, such appropriation to be, at the discretion of the eligible school district, from such district's incidental fund or capital projects fund;

(5) As security for the repayment, a pledge from the eligible school district to the state board of education of the use and occupancy of the school facilities constituting the emergency project for a period ending not earlier than the date the repayment shall be completed; and

(6) Such other provisions as the state board of education shall provide for in its rules and procedures or as to which the state board of education and the eligible school district shall agree.

5. The amount of funding awarded by the state board of education for any emergency project shall not exceed the cost of that emergency project less the amount of any insurance proceeds or other moneys received by the eligible school district as a result of the severe damage. If the eligible school district receives such insurance proceeds or other moneys after it receives funding under the rebuild Missouri schools program, it shall pay to the state board of education the amount by which the sum of the funding under the rebuild Missouri schools program plus the insurance proceeds and other moneys exceeds the cost of the emergency project. (2) Be made whether or not the eligible school district has made an appropriation for its annual payment;

(3) Be in addition to the annual payment; and

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. There is hereby created in the state treasury the "Rebuild Missouri Schools Fund", which shall consist of money appropriated or collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. 7. (1) The director shall annually make a determination on the number of students in Missouri with an individualized education program based upon qualifying needs as defined in this section. The director shall use ten percent of this number to determine the maximum number of students to receive scholarships from a scholarship granting organization in that year for students with qualifying needs who have at the time of application an individualized education program, plus a number calculated by the director by applying the state's latest available autism, cerebral palsy, Down Syndrome, Angelman Syndrome, and dyslexia incidence rates to the state's population of children from age five to nineteen who are not enrolled in public schools and taking ten percent of that number. The total of these two calculations shall constitute the maximum number of scholarships available to students.

(2) The director shall also annually make a determination on the number of children in Missouri whose parent or guardian has enrolled the child in first steps, received an individualized family services program based on qualifying needs, and filed a complaint through the Individuals with Disabilities Education Act, Part C, and received an unsatisfactory response. In addition to this number, the director shall apply the latest available autism, cerebral palsy, Down Syndrome, Angelman Syndrome, and dyslexia incidence rates to the latest available census information for children from birth to age five and determine ten percent of that number for the maximum number of scholarships for children.

(3) The director shall publicly announce the number of each category of scholarship opportunities available each year. Once a scholarship granting organization has decided to provide a student or child with a scholarship, it shall promptly notify the director. These unexpended funds shall not be counted as part of the requirement in subdivision (3) of subsection 8 of this section for that year. Any receipt for a scholarship contribution issued by a scholarship granting organization before the director has publicly announced the student or child limit has been reached shall be valid. Beginning with school year 2016-17, the director may adjust the allocation of the proportion of scholarships using information on unmet need and use patterns from the previous school years. If a student moves to a new qualified school during a school year or to a different qualified service provider for an eligible child, the scholarship amount may be prorated;

(c) Provide documentation in the student's or child's record of the rationale for the use of any intervention that is categorized as unestablished, insufficient evidence, or level 3 by the Missouri Autism Guidelines Initiative guide to evidence-based interventions; and

(6) Certify that in providing any educational services or behavior strategies to a scholarship recipient with a medical or clinical diagnosis of, or an individualized family services program based upon Down Syndrome, Angelman Syndrome, cerebral palsy, or dyslexia, it will use student, teacher, teaching, and school influences that rank in the zone of desired effects in the meta-analysis of John Hattie, or equivalent analyses as determined by the department, or document why it is using a method that has not been determined by analysis to rank in the zone of desired effects.

10. Scholarship granting organizations shall not provide educational scholarships for students to attend any school or children to receive services from any qualified service provider with paid staff or board members who are relatives within the first degree of consanguinity or affinity.

The director or the director's designee shall issue a decision within thirty days. A scholarship granting organization may appeal the director's decision to the administrative hearing commission for a hearing in accordance with the provisions of chapter 621.

(1) For purposes of this section, "full child care benefits" shall be the full benefits awarded to a recipient based on the income eligibility amount established by the division through the annual appropriations process as of August 28, 2012, to qualify for the benefits and shall not include the transitional child care benefits that are awarded to recipients whose income surpasses the eligibility level for full benefits to continue. The hand-up program shall be voluntary and shall be designed such that a participating recipient will not be faced with a sudden loss of child care benefits should the recipient's income rise above the maximum allowable monthly income for persons to receive full child care benefits as of August 28, 2012. In such instance, the recipient shall be permitted to continue to receive such benefits if the recipient pays a premium,

(c) The division shall develop a payroll deduction program in conjunction with the department of revenue, and shall promulgate rules for the payment of premiums, through such payroll deduction program or through an alternate method to be determined by the division, owed under the hand-up program; and

(d) Participating recipients who fail to pay the premium owed shall be removed permanently from the program after sixty days of nonpayment;

(2) Subject to the receipt of federal waivers if necessary, participating recipients shall be eligible to receive child care service benefits at income levels all the way up to the level at which a person's premium equals the value of the child care service benefits received by the recipient;

(3) Only those recipients who currently receive full child care benefits as of joining the program and who had been receiving full child care service benefits for a period of at least four months prior to implementation by the division of this program shall be eligible to participate in the program. Only those recipients who agree to the terms of the hand-up program during a ninety-day sign-up period shall be allowed to participate in the program, pursuant to rules to be promulgated by the division; and

(4) A participating recipient shall be allowed to opt out of the program at any time, but such person shall not be allowed to participate in the program a second time.

2. The division shall track the number of participants in the hand-up program, premiums and taxes paid by each participant in the program and the aggregate of such premiums and taxes, as well as the aggregate of those taxes paid on income exceeding the maximum allowable income for receiving full child care benefits outside the hand-up program, and shall issue an annual report to the general assembly by January 1, 2014, and annually on January first thereafter, detailing the effectiveness of the pilot program in encouraging recipients to increase their income levels above the income maximum applicable to each recipient. The report shall also detail the costs of administration and the increased amount of state income tax paid and premiums paid as a result of the program, as well as an analysis of whether the pilot program could be expanded to include other types of benefits including but not limited to food stamps, temporary assistance for needy families, low-income heating assistance, women, infants and children supplemental nutrition program, the state children's health insurance program, and MO HealthNet benefits.

3. The division shall pursue all necessary waivers from the federal government to implement the hand-up program with the goal of allowing participating recipients to receive child care service benefits at income levels all the way up to the level at which a person's premium equals the value of the child care service benefits received by the recipient. If the division is unable to obtain such waivers, the division shall implement the program to the degree possible without such waivers.

4. (1) There is hereby created in the state treasury the "Hand-Up Program Premium Fund" which shall consist of premiums collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Child care benefits provided under the hand-up program shall continue to be paid for as under the existing state child care assistance program.

5. After the first year of the program, or sooner if feasible, the cost of administering the program shall be paid out of the premiums received. Any premiums collected exceeding the cost of administering the program shall, if required by federal law, be shared with the federal government and the state general revenue fund in the same proportion that the federal government shares in the cost of funding the child care assistance program with the state.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated under this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

7. Pursuant to section 23.253 of the Missouri sunset act:

(1) *The provisions of the new program authorized under this section shall sunset automatically three years after August 28, 2014, unless reauthorized by an act of the general assembly;* and

(6) Oversight of any environmental remediation necessary resulting from an incident involving a shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste. Reimbursement for oversight of any such incident shall not reduce or eliminate the liability of any party responsible for the incident; such party may be liable for full reimbursement to the state or payment of any other costs associated with the cleanup of contamination related to a transportation incident;

(7) Administrative costs attributable to the state agencies which are incurred through their involvement as it relates to the shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

7. All funds deposited in the environmental radiation monitoring fund through fees established in subsection 2 of this section shall be utilized, subject to appropriation by the general assembly, for the administration and enforcement of this section by the department of natural resources. The action shall be brought by the attorney general at the request of the department of natural resources. If the action involves a facility domiciled in the state, the action shall be brought in the circuit court of the county in which the facility is located. This section sunsets 07-01-19:

620.809. 1. The Missouri community college job training program fund, formerly established in the state treasury by section 178.896, shall now be known as the "Missouri Works Community College New Jobs Training Fund" and shall be administered by the department for the training program. The department of revenue shall credit to the fund, as received, all new jobs credits. The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the fund. Moneys in the fund shall be disbursed to the department under regular appropriations by the general assembly. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for training projects, which funds shall be used to pay training project costs. Such disbursements shall be made to the special fund for each training project in the same proportion as the new jobs credit remitted by the qualified company participating in such project bears to the total new jobs credit from withholding remitted by all qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.

2. The Missouri community college job retention training program fund, formerly established in the state treasury by section 178.764, shall now be known as the "Missouri Works Community College Job Retention Training Fund" and shall be administered by the department for the Missouri works training program. The department of revenue shall credit to the fund, as received, all retained jobs credits. The fund shall also consist of any gifts, contributions, grants, or bequests received from federal, private, or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the fund. Moneys in the fund shall be disbursed to the department under regular appropriations by the general assembly. The department shall disburse such appropriated funds in a timely manner into the special funds established by community college districts for projects, which funds shall be used to pay training program costs, including the principal, premium, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the department shall be made to the special fund for each project in the same proportion as the retained jobs credit from withholding remitted by the qualified company participating in such project bears to the total retained jobs credit from withholding remitted by qualified companies participating in projects during the period for which the disbursement is made. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.

3. The department of revenue shall develop such forms as are necessary to demonstrate accurately each qualified company's new jobs credit paid into the Missouri works community college new jobs training fund or retained jobs credit paid into the Missouri works community college job retention training fund. The new or retained jobs credits shall be accounted as separate from the normal withholding tax paid to the department of revenue by the qualified company. Reimbursements made by all qualified companies to the Missouri works community college new jobs training fund and the Missouri works community college job retention training fund shall be no less than all allocations made by the department to all community college districts for all projects. The qualified company shall remit the amount of the new or retained jobs credit, as applicable, to the department of revenue in the same manner as provided in sections 143.191 to 143.265.

4. A community college district, with the approval of the department in consultation with the office of administration, may enter into an agreement to establish a training project and provide training project services to a qualified company. As soon as possible after initial contact between a community college district and a potential qualified company regarding the possibility

of entering into an agreement, the district shall inform the department of the potential training project. The department shall evaluate the proposed training project within the overall job training efforts of the state to ensure that the training project will not duplicate other job training programs. The department shall have fourteen days from receipt of a notice of intent to approve or disapprove a training project. If no response is received by the qualified company within fourteen days, the training project shall be deemed approved. Disapproval of any training project shall be made in writing and state the reasons for such disapproval. If an agreement is entered into, the district and the qualified company shall notify the department of revenue within fifteen calendar days. In addition to any provisions required under subsection 5 of this section for a qualified company applying to receive a retained job credit, an agreement may provide, but shall not be limited to:

(1) Payment of training project costs, which may be paid from one or a combination of the following sources:

(a) Funds appropriated by the general assembly to the Missouri works community college new jobs training program fund or Missouri works community college job retention training program fund, as applicable, and disbursed by the department for the purposes consistent with sections 620.800 to 620.809;

(b) Tuition, student fees, or special charges fixed by the board of trustees to defray training project costs in whole or in part;

(2) Payment of training project costs which shall not be deferred for a period longer than eight years;

(3) Costs of on-the-job training for employees which shall include wages or salaries of participating employees. Payments for on-the-job training shall not exceed the average of fifty percent of the total wages paid by the qualified company to each participant during the period of training. Payment for on-the-job training may continue for up to six months from the date the training begins;

(4) A provision which fixes the minimum amount of new or retained jobs credits, or tuition and fee payments which shall be paid for training project costs; and

(5) Any payment required to be made by a qualified company. This payment shall constitute a lien upon the qualified company's business property until paid, shall have equal priority with ordinary taxes and shall not be divested by a judicial sale. Property subject to such lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at tax sale shall obtain the property subject to the remaining payments.

5. Any qualified company that submits a notice of intent for retained job credits shall enter into an agreement, providing that the qualified company has:

(1) Maintained at least one hundred full-time employees per year at the project facility for the calendar year preceding the year in which the application is made;

(2) Retained, at the project facility, the same number of employees that existed in the taxable year immediately preceding the year in which application is made; and

(3) Made or agrees to make a new capital investment of greater than five times the amount of any award under this training program at the project facility over a period of two consecutive calendar years, as certified by the qualified company and:

(a) Has made substantial investment in new technology requiring the upgrading of employee skills; or

(b) Is located in a border county of the state and represents a potential risk of relocation from the state; or

(c) Has been determined to represent a substantial risk of relocation from the state by the director of the department of economic development.

6. If an agreement provides that all or part of the training program costs are to be met by receipt of new or retained jobs credit, such new or retained jobs credit from withholding shall be determined and paid as follows:

(1) New or retained jobs credit shall be based upon the wages paid to the employees in the new or retained jobs;

(2) A portion of the total payments made by the qualified companies under sections 143.191 to 143.265 shall be designated as the new or retained jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the qualified company for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the qualified company for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new or retained jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the qualified company under sections 143.191 to 143.265 shall be credited to the applicable fund by the amount of such difference. The qualified company shall remit the amount of the new or retained jobs credit to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training program costs have been paid, the new or retained jobs credits shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the training project. All funds appropriated by the general assembly from the funds established under subsections 1 and 2 of this section and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in the same manner as the district's other funds;

(4) Any disbursement for training project costs received from the department under sections 620.800 to 620.809 and deposited into the training project's special fund may be irrevocably pledged by a community college district for the payment of the principal, premium, and interest on the certificate issued by a community college district to finance or refinance, in whole or in part, such training project;

(5) The qualified company shall certify to the department of revenue that the new or retained jobs credit is in accordance with an agreement and shall provide other information the department of revenue may require;

(6) An employee participating in a training project shall receive full credit under section 143.211 for the amount designated as a new or retained jobs credit;

(7) If an agreement provides that all or part of training program costs are to be met by receipt of new or retained jobs credit, the provisions of this subsection shall also apply to any successor to the original qualified company until the principal and interest on the certificates have been paid.

7. To provide funds for the present payment of the training project costs of new or retained jobs training project through the training program, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri works community college new jobs training fund or the Missouri works community college job retention training fund, to the special fund established by the district for each project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized under law as of January 1, 2013, unless an increased amount is authorized in writing by a majority of members of the committee. The certificates shall be

marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, the provisions of chapter 176 shall not apply to the issuance of such certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

8. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section, with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a rate of interest that is higher, lower, or equivalent to that of the certificates being renewed or refunded.

9. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

10. The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

11. Certificates issued under this section shall not be deemed to be an indebtedness of the state, the community college district, or any other political subdivision of the state, and the principal and interest on any certificates shall be payable only from the sources provided in subdivision (1) of subsection 4 of this section which are pledged in the agreement.

12. Pursuant to section 23.253 of the Missouri sunset act:

Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company;

Any taxpayer who is awarded benefits under this subsection and who files for bankruptcy under Chapter 7 of the United States Bankruptcy Code, Title 11 U.S.C., shall immediately notify the department and shall forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained;

620.2010. 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a

rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval.

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

- (1) The significance of the qualified company's need for program benefits;
- (2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;
- (3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;
- (4) The financial stability and creditworthiness of the qualified company;
- (5) The level of economic distress in the area;
- (6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and
- (7) The percent of local incentives committed.

3. Upon approval of a notice of intent to receive tax credits under subsections 2 and 5 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

- (1) The committed number of new jobs, new payroll, and new capital investment for each year during the project period;
- (2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;
- (3) Clawback provisions, as may be required by the department; and
- (4) Any other provisions the department may require.

4. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

5. In addition to the benefits available under subsection 4 of this section, the department may award a qualified company that satisfies the provisions of subsection 4 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

620.2015. 1. In exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this section if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this section. In no event shall the total amount of benefits available to all qualified companies under this section exceed six million dollars in any fiscal year.

2. A qualified company meeting the requirements of this section may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this section, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

3. In order to be eligible to receive benefits under this section, the qualified company

shall meet each of the following conditions:

(1) The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least fifty retained jobs; and

(2) The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount equal to one-half the total benefits, available under this section, which are offered to the qualified company by the department.

4. In awarding benefits under this section, the department shall consider the factors set forth in subsection 2 of section 620.2010.

5. Upon approval of a notice of intent to request benefits under this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) Clawback provisions, as may be required by the department; and

(3) Any other provisions the department may require.

620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this

program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified

company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in

this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) ***The provisions of the new program authorized under sections 620.2000 to 620.2020 shall automatically sunset six years after August 28, 2013, unless reauthorized by an act of the general assembly;*** and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.

This section sunsets 12-31-24:

650.120. 1. There is hereby created in the state treasury the "Cyber Crime Investigation Fund". The treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. The department of public safety shall be the administrator of the fund. Moneys in the fund shall be used solely for the administration of the grant program established under this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The department of public safety shall create a program to distribute grants to multijurisdictional internet cyber crime law enforcement task forces, multijurisdictional enforcement groups, as defined in section 195.503, that are investigating internet sex crimes against children, and other law enforcement agencies. The program shall be funded by the cyber crime investigation fund created under subsection 1 of this section. Not more than three percent of the money in the fund may be used by the department to pay the administrative costs of the grant program. The grants shall be awarded and used to pay the salaries of detectives and computer forensic personnel whose focus is investigating internet sex crimes against children, including but not limited to enticement of a child, possession or promotion of child pornography, provide funding for the training of law enforcement personnel and prosecuting and circuit attorneys as well as their assistant prosecuting and circuit attorneys, and purchase necessary equipment, supplies, and services. The funding for such training may be used to cover the travel expenses of those persons participating.

3. A panel is hereby established in the department of public safety to award grants under this program and shall be comprised of the following members:

- (1) The director of the department of public safety, or his or her designee;
- (2) Two members appointed by the director of the department of public safety from a list of six nominees submitted by the Missouri Police Chiefs Association;
- (3) Two members appointed by the director of the department of public safety from a list of six nominees submitted by the Missouri Sheriffs' Association;
- (4) Two members of the state highway patrol appointed by the director of the department of public safety from a list of six nominees submitted by the Missouri State Troopers Association;
- (5) One member of the house of representatives appointed by the speaker of the house of representatives; and
- (6) One member of the senate appointed by the president pro tem.

The panel members who are appointed under subdivisions (2), (3), and (4) of this subsection shall serve a four-year term ending four years from the date of expiration of the term for which his or her predecessor was appointed. However, a person appointed to fill a vacancy prior to the expiration of such a term shall be appointed for the remainder of the term. Such members shall hold office for the term of his or her appointment and until a successor is appointed. The members of the panel shall receive no additional compensation but shall be eligible for reimbursement for mileage directly related to the performance of panel duties.

4. Local matching amounts, which may include new or existing funds or in-kind resources including but not limited to equipment or personnel, are required for multijurisdictional internet cyber crime law enforcement task forces and other law enforcement agencies to receive grants awarded by the panel. Such amounts shall be determined by the state appropriations process or by the panel.

5. When awarding grants, priority should be given to newly hired detectives and

computer forensic personnel.

6. The panel shall establish minimum training standards for detectives and computer forensic personnel participating in the grant program established in subsection 2 of this section.

7. Multijurisdictional internet cyber crime law enforcement task forces and other law enforcement agencies participating in the grant program established in subsection 2 of this section shall share information and cooperate with the highway patrol and with existing internet crimes against children task force programs.

8. The panel may make recommendations to the general assembly regarding the need for additional resources or appropriations.

9. The power of arrest of any peace officer who is duly authorized as a member of a multijurisdictional internet cyber crime law enforcement task force shall only be exercised during the time such peace officer is an active member of such task force and only within the scope of the investigation on which the task force is working. Notwithstanding other provisions of law to the contrary, such task force officer shall have the power of arrest, as limited in this subsection, anywhere in the state and shall provide prior notification to the chief of police of a municipality or the sheriff of the county in which the arrest is to take place. If exigent circumstances exist, such arrest may be made and notification shall be made to the chief of police or sheriff as appropriate and as soon as practical. The chief of police or sheriff may elect to work with the multijurisdictional internet cyber crime law enforcement task force at his or her option when such task force is operating within the jurisdiction of such chief of police or sheriff.

10. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall be reauthorized on August 28, 2014, and ***shall expire on December 31, 2024***, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

The director of revenue shall establish a method that allows the contribution designations authorized by this section to be indicated on the first page of each income tax return form provided by this state. The method may allow for a separate instruction list for the tax return that lists each authorized contribution designation. If any individual or corporation which is not entitled to a tax refund in an amount sufficient to make a designation under this section wishes to make a contribution to the fund, such individual or corporation may, by separate check, draft, or other negotiable instrument, send in with the payment of taxes, or may send in separately, that amount, clearly designated for the fund, and the department of revenue shall forward such amount to the state treasurer for deposit to the designated fund as provided in this section.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

8. The director of the department of health and senior services shall determine no later than January 31, 2010, whether moneys sufficient to carry out the provisions of this section have been transferred and deposited under this section. Upon a determination that insufficient moneys have been transferred and deposited under this section, this section shall expire on February 1, 2010, and any moneys remaining in the fund established in this section shall be used solely for existing cancer programs administered by the department of health and senior services.
